NOTICE OF PUBLIC HEARING

NOTICE IS HEREBY GIVEN THAT the Stanislaus Local Agency Formation Commission (LAFCO) will hold a public hearing on **Wednesday, June 27, 2018** at a meeting starting at 6:00 P.M. in the Joint Chambers, Basement Level, Tenth Street Place, 1010 10th Street, Modesto, California, to consider the following:

LAFCO Application No. 2017-03 and Sphere of Influence Modification No. 2017-07 – Division 1 North Area Change of Organization to Oakdale Rural Fire Protection District: Request to expand the Sphere of Influence and annex approximately 57,595+/- acres to the Oakdale Rural Fire Protection District. The proposed project area is located in the northernmost area of Stanislaus County, adjacent to San Joaquin and Calaveras Counties. (See attached Area Map.) The request was heard at a public hearing on April 25, 2018 and continued to a later date to allow further public outreach.

Our records indicate that you are a landowner or registered voter either within the annexation area, within 300 feet of the proposal area, or other interested party. **This notice is intended to inform you of the proposal and the ability to provide your comments at or prior to Stanislaus LAFCO's public hearing.** Please be further advised that there is potential for the extension or continuation of a previously authorized charge, fee, assessment, or tax by the Oakdale Rural Fire Protection District in the annexation area.

The proposal is considered exempt for purposes of the California Environmental Quality Act (CEQA) pursuant to §15320 and §15061(b)(3). Section 15320 categorically exempts changes of organization or reorganization of local governmental agencies where the proposal does not change the geographical area in which previously existing powers are exercised. Section 15061(b)(3) exempts the project though the general rule that CEQA applies only to projects which have the potential for causing a significant effect on the environment. It has been determined with certainty that there is no possibility that the activity in question may have a significant effect on the environment; the activity is not subject to CEQA.

Additional information related to this project is available for your review on our website (www.stanislauslafco.org) under the "Public Notices" link) or at the LAFCO Office, 1010 10th St., 3rd Floor, Modesto, CA. If you challenge the above item in court, you may be limited to raising only those issues raised at the public hearing described in this notice, or in written correspondence delivered to the Commission at or prior to the public hearing. No correspondence addressed to the Commission, individual Commissioners or staff will be accepted and/or considered unless it has been signed by the author, or sufficiently identifies the person or persons responsible for its creation and submittal. Materials submitted to the Commission for consideration (i.e., photos, slides, petitions, letters, etc.) will be retained by LAFCO and cannot be returned.
