

Agency Referral and Request for Comments

DATE: November 17, 2022
TO: Affected & Interested Agencies
FROM: Javier Camarena, Assistant Executive Officer
PROJECT TITLE: **LAFCO APPLICATION NO. 2022-04 – NEWMAN DETACHMENT OF TERRITORY FROM THE CENTRAL CALIFORNIA IRRIGATION DISTRICT (CCID)**

This letter is to advise your agency that the above-titled application has been filed with LAFCO. The project is described as follows:

Description: A request to detach areas from the Central California Irrigation District (CCID) that overlap the current City Limits of Newman. Properties within CCID are typically detached simultaneously upon annexation to the City of Newman. There are currently a number of properties that were not detached, leaving CCID with multiple overlapping areas of properties that are no longer receiving CCID services. Detachment from CCID would eliminate the District/City overlap. (See attached map for further details.)

Location: All Central California Irrigation District territory that is overlapping the Newman city limits. (See attached map for further details.)

Applicant: City of Newman

CEQA: The proposal is considered exempt from the California Environmental Quality Act (CEQA) pursuant to Section 15061(b)(3) as the boundary change corrects an overlapping City/District boundary and has no impacts to services. There is no possibility that the boundary change will have a significant effect on the environment.

Copies of the City's application and related support documents can be reviewed at the LAFCO Office or on the LAFCO website at: www.stanislauslafco.org, under "Public Notices".

Should your agency have any comments on the proposal, please submit them as soon as possible or no later than **Friday, December 16, 2022** in order to be included in the review process. Thank you in advance for your assistance and cooperation. Questions or comments may also be submitted by e-mail to: lafco@stancounty.com
