Chair Amy Bublak, City Member
Vice Chair Terry Withrow, County Member
Richard O'Brien, City Member
Vito Chiesa, County Member
Bill Berryhill, Public Member
Javier Lopez, Alternate City Member
Mani Grewal, Alternate County Member
Brad Hawn, Alternate Public Member

**AGENDA
Wednesday, March 24, 2021
6:00 P.M.
Joint Chambers—Basement Level
1010 10th Street, Modesto, California 95354**

**MEMBERS OF THE PUBLIC MAY OBSERVE THE MEETING AND ADDRESS
THE COMMISSION AS DESCRIBED BELOW.**

- This meeting will be open to the public. Effective August 26, 2020, pursuant to the order issued by Governor Newsom and consistent with guidance issued by the California Department of Public Health, social distancing and face coverings are required for in person attendance at the meeting. The chamber's audience seating capacity will be limited to approximately thirty (30) persons.
- You can also observe the live stream of the LAFCO meeting at:
<http://www.stancounty.com/sclive/>
- In addition, LAFCO meetings are broadcast live on local cable television. A list of cable channels is available at the following website:
<http://www.stancounty.com/planning/broadcasting.shtm>
- If you wish to provide a written comment, please submit your comment (include Agenda Item Number in the subject line), to the Clerk at: lafco@stancounty.com. Public comments will be accepted by email until the close of the public comment period for the specific item. You do not have to wait until the meeting begins to submit a comment. All comments will be shared with the Commissioners and placed in the record.

1. CALL TO ORDER

- A. Pledge of Allegiance to the Flag.
- B. Introduction of Commissioners and Staff.

2. PUBLIC COMMENT PERIOD

This is the period in which persons may comment on items that are not listed on the regular agenda. No action will be taken by the Commission as a result of any item presented during the public comment period.

3. APPROVAL OF MINUTES

A. Minutes of the February 24, 2021 Meeting.

4. CORRESPONDENCE

No correspondence addressed to the Commission, individual Commissioners or staff will be accepted and/or considered unless it has been signed by the author, or sufficiently identifies the person or persons responsible for its creation and submittal.

A. Specific Correspondence.

B. Informational Correspondence.

1. 2020 CALAFCO Annual Report.

C. "In the News."

5. DECLARATION OF CONFLICTS AND DISQUALIFICATIONS

6. CONSENT ITEMS

None.

7. PUBLIC HEARING

A. **LAFCO APPLICATION NO. 2020-01, MUNICIPAL SERVICE REVIEW NO. 2020-03 & SPHERE OF INFLUENCE UPDATE NO. 2020-03 – SALIDA STORM DRAIN REORGANIZATION TO COUNTY SERVICE AREA 4:** Request to annex the Salida community into County Service Area (CSA) 4 to provide storm drain services. The proposal includes a divestiture of storm drain services from the existing CSA 10 and detachment of the Landmark Business Park area from CSA 10. An updated Municipal Service Review and Sphere of Influence will also be considered. The proposal is exempt from CEQA pursuant to sections 15319(a) and 15061(b)(3). (Staff Recommendation: Approve the application and adopt Resolution No. 2021-03.)

8. OTHER BUSINESS

None.

9. COMMISSIONER COMMENTS

Commission Members may provide comments regarding LAFCO matters.

10. ADDITIONAL MATTERS AT THE DISCRETION OF THE CHAIRPERSON

The Commission Chair may announce additional matters regarding LAFCO matters.

11. EXECUTIVE OFFICER'S REPORT

The Commission will receive a verbal report from the Executive Officer regarding current staff activities.

A. On the Horizon.

12. ADJOURNMENT

- A. Set the next meeting date of the Commission for April 28, 2021.
- B. Adjournment.

LAFCO Disclosure Requirements

Disclosure of Campaign Contributions: If you wish to participate in a LAFCO proceeding, you are prohibited from making a campaign contribution of more than \$250 to any commissioner or alternate. This prohibition begins on the date you begin to actively support or oppose an application before LAFCO and continues until three months after a final decision is rendered by LAFCO. No commissioner or alternate may solicit or accept a campaign contribution of more than \$250 from you or your agent during this period if the commissioner or alternate knows, or has reason to know, that you will participate in the proceedings. If you or your agent have made a contribution of more than \$250 to any commissioner or alternate during the twelve (12) months preceding the decision, that commissioner or alternate must disqualify himself or herself from the decision. However, disqualification is not required if the commissioner or alternate returns the campaign contribution within thirty (30) days of learning both about the contribution and the fact that you are a participant in the proceedings.

Lobbying Disclosure: Any person or group lobbying the Commission or the Executive Officer in regard to an application before LAFCO must file a declaration prior to the hearing on the LAFCO application or at the time of the hearing if that is the initial contact. Any lobbyist speaking at the LAFCO hearing must so identify themselves as lobbyists and identify on the record the name of the person or entity making payment to them.

Disclosure of Political Expenditures and Contributions Regarding LAFCO Proceedings: If the proponents or opponents of a LAFCO proposal spend \$1,000 with respect to that proposal, they must report their contributions of \$100 or more and all of their expenditures under the rules of the Political Reform Act for local initiative measures to the LAFCO Office.

LAFCO Action in Court: All persons are invited to testify and submit written comments to the Commission. If you challenge a LAFCO action in court, you may be limited to issues raised at the public hearing or submitted as written comments prior to the close of the public hearing. All written materials received by staff 24 hours before the hearing will be distributed to the Commission.

Reasonable Accommodations: In compliance with the Americans with Disabilities Act, hearing devices are available for public use. If hearing devices are needed, please contact the LAFCO Clerk at 525-7660. Notification 24 hours prior to the meeting will enable the Clerk to make arrangements.

Alternative Formats: If requested, the agenda will be made available in alternative formats to persons with a disability, as required by Section 202 of the Americans with Disabilities Act of 1990 (42 USC 12132) and the Federal rules and regulations adopted in implementation thereof.

Notice Regarding Non-English Speakers: Pursuant to California Constitution Article III, Section IV, establishing English as the official language for the State of California, and in accordance with California Code of Civil Procedure Section 185 which requires proceedings before any State Court to be in English, notice is hereby given that all proceedings before the Local Agency Formation Commission shall be in English and anyone wishing to address the Commission is required to have a translator present who will take an oath to make an accurate translation from any language not English into the English language.

STANISLAUS LOCAL AGENCY FORMATION COMMISSION

MINUTES

February 24, 2021

1. CALL TO ORDER

Chair DeMartini called the meeting to order at 6:00 p.m.

- A. Pledge of Allegiance to Flag. Vice-Chair Berryhill led in the pledge of allegiance to the flag.
- B. Introduction of Commissioners and Staff. Vice-Chair Berryhill led in the introduction of the Commissioners and Staff.

Commissioners Present: Bill Berryhill, Vice-Chair, Public Member
Amy Bublak, City Member
Vito Chiesa, County Member
Richard O'Brien, City Member
Terry Withrow, County Member
Brad Hawm, Alternate Public Member

Staff Present: Sara Lytle-Pinhey, Executive Officer
Javier Camarena, Assistant Executive Officer
Jennifer Vieira, Commission Clerk
Alice Mimms, LAFCO Counsel

Commissioners Absent: Mani Grewal, Alternate County Member
Javier Lopez, Alternate City Member

2. PUBLIC COMMENT

None.

3. APPROVAL OF MINUTES

- A. Minutes of the December 2, 2020 Meeting.

Motion by Commissioner Bublak, seconded by Commissioner O'Brien and carried with a 5-0 vote to approve the Minutes of the December 2, 2020 meeting by the following:

Ayes: Commissioners: Berryhill, Bublak, Chiesa, O'Brien and Withrow
Noes: Commissioners: None
Ineligible: Commissioners: Hawm
Absent: Commissioners: Grewal and Lopez
Abstention: Commissioners: None

4. CORRESPONDENCE

A. Specific Correspondence.

None.

B. Informational Correspondence.

1. 2021 CALAFCO Events Calendar.
2. CALAFCO Member LAFCO Dues for Fiscal Year 2021-2022.
3. CALAFCO Quarterly – February 2021.

C. “In the News.”

5. DECLARATION OF CONFLICTS AND DISQUALIFICATIONS

None.

6. CONSENT ITEMS

A. **MUNICIPAL SERVICE REVIEW NO. 2021-01 AND SPHERE OF INFLUENCE UPDATE NO. 2021-01 – DEL PUERTO, EASTIN, EL SOLYO AND OAK FLAT WATER DISTRICTS AND PATTERSON AND WEST STANISLAUS IRRIGATION DISTRICTS.** The Commission will consider the adoption of a Municipal Service Review (MSR) and Sphere of Influence (SOI) Update for the Del Puerto, Eastin, El Solyo, and Oak Flat Water Districts and the Patterson and West Stanislaus Irrigation Districts. This item is exempt from the California Environmental Quality Act (CEQA) review pursuant to sections 15306 and 15061(b)(3). (Staff Recommendation: Approve the update and adopt Resolution No. 2021-02.)

Motion by Commissioner Bublak, seconded by Commissioner O’Brien and carried with a 5-0 vote to approve the update, by the following vote:

Ayes:	Commissioners: Berryhill, Bublak, Chiesa, O’Brien and Withrow
Noes:	Commissioners: None
Ineligible:	Commissioners: Hawn
Absent:	Commissioners: Grewal and Lopez
Abstention:	Commissioners: None

B. **MID-YEAR BUDGET REPORT FOR FISCAL YEAR 2020-2021.** (Staff Recommendation: Receive and File Report.)

Motion by Commissioner Bublak, seconded by Commissioner O’Brien and carried with a 5-0 vote to accept the report, by the following vote:

Ayes:	Commissioners: Berryhill, Bublak, Chiesa, O’Brien and Withrow
Noes:	Commissioners: None
Ineligible:	Commissioners: Hawn
Absent:	Commissioners: Grewal and Lopez
Abstention:	Commissioners: None

7. PUBLIC HEARING

None.

8. OTHER BUSINESS

- A. **ANNUAL ELECTION OF OFFICERS.** (Staff Recommendation: Appoint a Chairperson and Vice-Chairperson and adopt Resolution No. 2021-01a and 2021-01b.)

Motion by Commissioner O'Brien, seconded by Commissioner Chiesa and carried with a 5-0 vote to appoint Commissioner Bublak as Chairperson, by the following vote:

Ayes:	Commissioners: Berryhill, Bublak, Chiesa, O'Brien and Withrow
Noes:	Commissioners: None
Ineligible:	Commissioners: Hawn
Absent:	Commissioners: Grewal and Lopez
Abstention:	Commissioners: None

Motion by Commissioner Chiesa, seconded by Commissioner O'Brien and carried with a 5-0 vote to appoint Commissioner Withrow as Vice-Chairperson, by the following vote:

Ayes:	Commissioners: Berryhill, Bublak, Chiesa, O'Brien and Withrow
Noes:	Commissioners: None
Ineligible:	Commissioners: Hawn
Absent:	Commissioners: Grewal and Lopez
Abstention:	Commissioners: None

- B. **NOTICE OF EXPIRING TERMS FOR PUBLIC MEMBERS AND APPOINTMENT OF A SUBCOMMITTEE.** (Staff Recommendation: Direct Staff to initiate the Public Member recruitment process and appoint a subcommittee.)

Motion by Commissioner Chiesa, seconded by Commissioner O'Brien, and carried with a 5-0 vote to appoint the newly elected Chairperson and Vice-Chairperson as the sub-committee, by the following vote:

Ayes:	Commissioners: Berryhill, Bublak, Chiesa, O'Brien and Withrow
Noes:	Commissioners: None
Ineligible:	Commissioners: Hawn
Absent:	Commissioners: Grewal and Lopez
Abstention:	Commissioners: None

9. COMMISSIONER COMMENTS

Commissioner O'Brien complimented LAFCO Staff on their reports and word usage.

10. ADDITIONAL MATTERS AT THE DISCRETION OF THE CHAIRPERSON

None.

11. EXECUTIVE OFFICER'S REPORT

- A. On the Horizon. The Executive Officer informed the Commission of the following:
- New members appointed to the Commission include Mani Grewal as Alternate County member and Javier Lopez as Alternate City member.
 - There are three upcoming annexation applications scheduled for the Commission in the coming months.
 - Staff congratulated LAFCO legal counsel Alice Mimms on her upcoming retirement and thanked her for her service to LAFCO.

12. ADJOURNMENT

- A. Vice-Chair Berryhill adjourned the meeting at 6:11 p.m.

DRAFT

CALIFORNIA ASSOCIATION OF LOCAL AGENCY FORMATION COMMISSIONS

CALAFCO MISSION

Provide educational, information sharing and technical support for our members by serving as a resource for, and by collaborating with, the public, the legislative and executive branches of state government and other organizations for the purpose of discouraging urban sprawl, preserving open-space and prime agricultural lands, and encouraging orderly growth and development of local agencies.

2020 ANNUAL REPORT

California Association of Local Agency Formation Commissions

Email: info@calafco.org

Website: www.calafco.org

1020 12th Street, Ste. 222

Sacramento, CA 95814

Tel: 916-442-6536

FROM THE CALAFCO EXECUTIVE DIRECTOR

For just about all of us, 2020 was quite a challenge. During the year, the California Association of Local Agency Formation Commissions (CALAFCO) dedicated itself to meet the new and evolving needs of our members. As they reinvented the way they work and deliver services, so did we.

Although we were unable to gather in person in March for our annual Staff Workshop or in October for our Annual Conference, we stayed connected with virtual meetings and virtual educational events. We learned from each other as we supported one another through a historic time. CALAFCO stood in support of our member LAFcos by shifting the way we provide supportive services and adjusted priorities to meet their changing needs.

2020 will be remembered as the year we would all like to forget. But doing so means we also forget the many things we learned - about ourselves as strong, capable, and resilient beings, and about the power of collective support, collaborative and innovative problem solving, and about our ability to generate hope for systemic and sustainable change.

Without missing a beat, LAFcos throughout the state continued to provide the necessary leadership in fulfilling their missions, and in supporting their respective local agencies and the communities they serve. I would like to take this opportunity to thank all of our member LAFcos for their dedicated, focused and steadfast commitment to the work they do and the people they serve.

I also want to thank the CALAFCO regional staff for their support and contributions to the Association. A special thank you to our Associate member partners for their generous support of CALAFCO. Last but certainly not least, I want to express my gratitude to the CALAFCO Board of Directors, all of whom worked tirelessly throughout the year in support of the ideals and mission of CALAFCO and all LAFcos. Through their leadership, vision and tenacity, the Association met the challenges of the year.

I'm proud to represent the Association and all 58 LAFcos as well as our Associate Members, and present the 2020 Annual Report, which highlights the collective work of the past year and many of the achievements we realized. We hope you enjoy this new format of the Annual Report. I look forward to what we can accomplish together in 2021.

A handwritten signature in blue ink, reading "Pamela Miller". The signature is fluid and cursive, with a long horizontal stroke at the end.

Pamela Miller
Executive Director
CA Association of Local Agency Formation Commissions

FROM THE 2019-2020 CALAFCO CHAIR OF THE BOARD

We are living in interesting times!

Every time I think it can't get worse; it does. At the time I wrote this article, we were plagued by record heat and fires. Often past chairs have written something like, "...it was a challenging but rewarding year". I will say it was a challenging year; I don't think I can call it rewarding, but I have been proud to see how CALAFCO rose to the challenge and pivoted to address the impacts thrown on us by this pandemic. We moved to virtual meetings, made Zoom available to our member LAFcos, held regular meetings with our member LAFco Executive Officers/Clerks and made a series of virtual CALAFCO U classes and on demand webinars available free to our members; we continue to focus on "value added" to our members. Much of the credit for this, and its success, is due to efforts by our Executive Director, Pamela Miller, who we were fortunate to retain, as an employee, after she announced her retirement; we are indebted to her. Of course many others pitched in to make this possible and the CALAFCO Board provided needed support.

We were forced to cancel our Annual Conference. Many LAFcos were directly impacted as were many government agencies. Many have died, the economy was rocked and many individuals struggle to meet basic needs; essential workers continue to provide service and others are forced to work out of economic necessity-risking their, and their family, health and lives.

My father, the youngest of four, was born in 1927. As I grew up, his parents from time to time, talked about the influenza pandemic of 1918. I used to find those stories surreal; people confined to their homes, a red notice nailed to the door and many deaths. My grandparents not only endured this pandemic but, in their lifetime, faced WWI, the Great Depression and WWII. Much of this is now delegated to "just history". My grandparents came thru it and someday 2020 will also be delegated to history.

I'm proud that CALAFCO more than survived this challenge. Our dues change let us avoid a structural deficit and a loss for the year even with the cancellation of the Annual Conference. Our prudent reserves may allow us to cover unexpected costs, especially legal costs as we navigated AB 5, converting Pamela and Jeni to employees.

We continue to proudly serve our member LAFcos and remain a viable and respected voice in Sacramento.
Thanks to all of you.

A handwritten signature in blue ink, appearing to read "Michael R. McGill".

Michael R. McGill, P.E.
Chair of the Board, 2019-2020
CA Association of Local Agency Formation Commissions

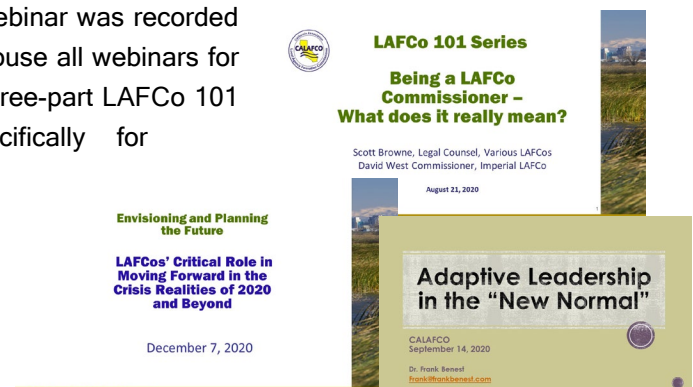

CALAFCO 2020 Annual Report

In 2019, CALAFCO began a two-year strategic plan to define the Association's priorities and guide the work. There were three main strategic areas each with actionable goals for each of the two years. This report highlights the achievements of the work in 2020 towards those goals.

1. Serve as an educational resource to member LAFCo Commissioners, LAFCo staff, Associate Members, and stakeholders.
2. Focus efforts on Association member development and communication.
3. Serve as an information resource to all Association members, work as a legislative and policy advocate for LAFCo issues and provide information to the Legislature and other stakeholders.

1. Serve as an educational resource

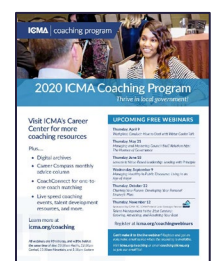

Given the COVID-19 pandemic, in-person training and educational opportunities were impossible from mid-March through the end of 2020. This meant the cancellation of our annual Staff Workshop and Annual Conference. However, in early summer, CALAFCO staff began looking at how to deliver short educational sessions virtually - something CALAFCO had never done before. From August through December, six webinars were successfully delivered at no cost to our members. Additionally, each webinar was recorded and a new section created on the CALAFCO website to house all webinars for member on-demand viewing. Webinar topics included a three-part LAFCo 101 series (including a newly designed session specifically for Clerks/Analysts and another for LAFCo Commissioners), adaptive leadership, and two sessions on LAFCos role in this "new/now normal" world of ours. In total, 274 LAFCo staff, commissioners and Associate Members attended these free educational offerings.

Early in January CALAFCO hosted a CALAFCO University session in Orange County focusing on legacy costs associated with reorganizations.

We are proud to continue to offer our members AICP credits when applicable for any educational session we host.

CALAFCO remains a coaching partner with Cal-ICMA and through this partnership all of our members receive free access to professional development webinars, one-to-one coaching and other professional development resources.

2. Focus efforts on Association member development and communication

In response to our members, CALAFCO developed a short series of News Bulletins and distributed them to the membership during the first three months of the State's shutdown. The Bulletins advised members of the latest Executive Orders and other noteworthy news items that impacted LAFCos and other local agencies.

Beginning mid-March, we hosted weekly meetings for LAFCo Executive Officers and another for LAFCo Clerks to allow for collaboration and information sharing. These meetings transitioned to virtual meetings and continue as monthly meetings into 2021, with as many as 32 Executive Officers attending the monthly meeting.

Knowing many of our members struggled to find effective ways for their Commissions to meet while maintaining transparency and public participation, CALAFCO purchased two Zoom licenses and provided the use of one of those licenses to our member LAFCos, along with our toll-free conference calling system, at no cost, as a way for our members to continue conducting business transparently.

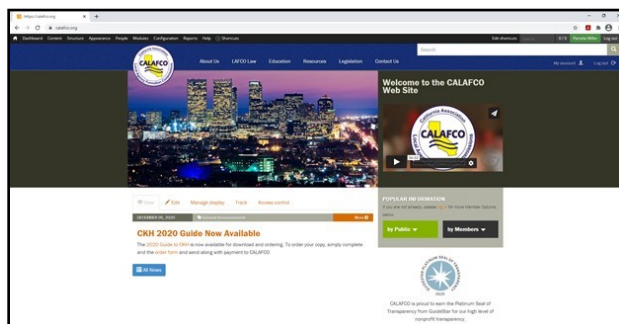

The events of 2020 were uncharted territory for many, and the fiscal aftermath will long be felt by all local agencies across the state. CALAFCO recognized this as a unique time for LAFCos to champion the support of local agencies and help rebuild communities. In partnership with several Executive officers and one of our Associate Member partners, CALAFCO created a series of messaging materials to assist our member LAFCos in their facilitation of local discussions on the

revitalization of their respective communities. These resources were introduced and distributed in December.

In addition to our normal communication tools of Quarterly Reports and list serves, we also hosted virtual regional roundtables in December for our member LAFCos (as a replacement for our in-person roundtables at the Annual Conference) as well as a LAFCo Legal Counsel roundtable in October. With so many of our members meeting virtually, our Executive Director was able to attend sixteen (16) different LAFCo meetings the second half of the year.

In response to the membership survey in 2019, CALAFCO staff spent time this year updating several of the most frequently used sections of the CALAFCO website. In addition to the creation of the new webinar archive, the CALAFCO University archives was updated, along with several sections within the LAFCo Law section. Other sections were completely reorganized and updated for easier member access to resource information and materials. CALAFCO is proud to continue earning the GuideStar Platinum Seal of Transparency for high level of nonprofit transparency.

CALAFCO 2020 Annual Report

3. Serve as an information resource and legislative and policy advocate

In addition to the work of enhancing the CALAFCO website as an informational resource, CALAFCO continued to participate in the Department of Water Resources' County Drought Advisory Group and lead the efforts of the 18-member Protest Provisions Stakeholder Working Group (Working Group).

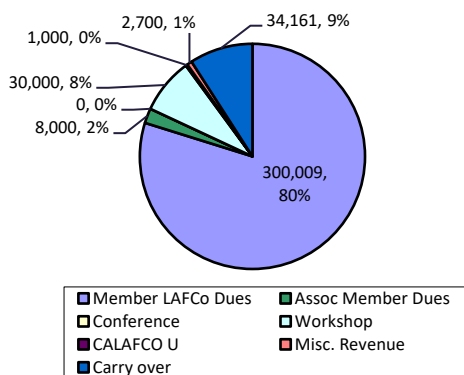

The 2020 legislative year turned out to be unlike any other and the pandemic turned legislation inside-out. The focus of the Legislature quickly turned to COVID response as well as responding to a historic year of wildfires and calls for social and racial justice and equity. At the direction of the CALAFCO Board, we ended our efforts to obtain state-level grant funding for LAFcos through sponsored legislation and did not sponsor an Omnibus bill in 2020. Instead, the Board made the proposal to make changes to statute pertaining to extension of services the legislative priority, along with the ongoing efforts of the Working Group. After seeking feedback and consensus from Executive Officers as directed by the Board, in late January the Executive Committee approved moving forward with seeking legislation. Given the late timing, the Association was unsuccessful in securing an author. As a result, CALAFCO did not sponsor any bills in 2020. It is uncertain if any bills (other than Omnibus) would have successfully passed through the Legislature given the shift in their focus mid-year. CALAFCO continued to support our membership through legislative action where appropriate and fiercely guarded LAFco authority when necessary, tracking 32 bills and taking positions on 7 bills.

Other 2020 highlights

There were several other highlights in 2020 that were not part of the two-year strategic plan. First, we successfully transitioned our two primary part-time contractors (Executive Director and Administrator) to part-time employees effective September 1 in compliance with AB 5. Additionally, for the first time, CALAFCO conducted a virtual election for the Board of Directors.

CALAFCO Financials 2020

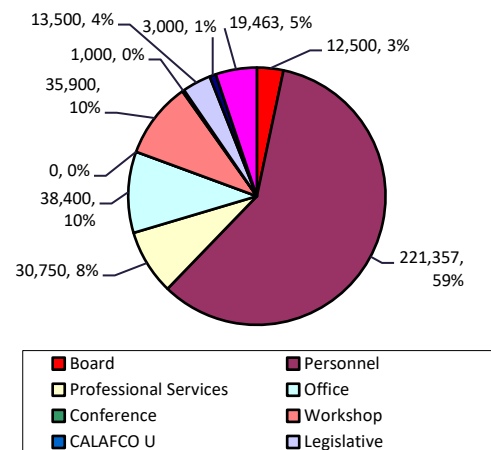

FY 2020-21 REVENUE BY CATEGORY AND % OF TOTAL BUDGET

In July, the Board of Directors adopted a revised budget without any Conference revenue/expenses, with new estimated employer costs and the retention of the Executive Director. The lack of the planned 15% Conference net profit created a structural deficit that can be covered by the net balance carryover into FY 2020-21, which ended up

larger than expected at the end of FY 2019-20 due to cost savings in other budget areas. By the end of 2020 it appeared savings into FY 2020-21 was continuing in many areas that will help the Association's financial outlook going into another uncertain fiscal year.

FY 2020-21 EXPENSES BY CATEGORY AND % OF TOTAL BUDGET

Looking ahead to 2021

Our LAFcos are strong and resilient and led with remarkable courage during 2020. CALAFCO remains committed to continue building a resilient and sustainable Association that supports our members in their work. To focus resources on our members' highest priorities in 2021, the CALAFCO Board of Directors' biennial strategic planning workshop in January will create the foundation for the Association's next two-year strategic plan. As we move into our 50th year, CALAFCO remains committed to:

- Serve as an educational resource to member LAFCo Commissioners, LAFCo staff, Associate Members, and stakeholders.
- Focus efforts on Association member relations, development, recognition and communication.
- Continue development of a strong and sustainable Association.
- Serve as an information resource to all Association members, work as a legislative and policy advocate for LAFCo issues and provide information to the Legislature and other stakeholders.

Stanislaus County seeks EDA funding for Crows Landing project

Stanislaus County has taken a major step toward the development of the former air facility, Crows Landing Industrial Business Park, a project many years in the making.

For more than a decade, Stanislaus County has pursued the development of a major new regional employment center on the 1,528-acre former military property. The primary goal of the Crows Landing Industrial Business Park is to provide opportunities for sustainable, living-wage employment that will not require commutes outside of the County and improve the local jobs-to-housing balance.

“The Crows Landing Industrial Business Park, ‘The Landing @ Crows’ as we’ve recently renamed it, is a game changing economic development effort in Stanislaus County,” said Keith Boggs, land use consultant on the project and former Stanislaus County assistant executive officer. “This project has such positive economic ramifications, not only for the citizens of Stanislaus and surrounding areas, but as a significant catalyst for overall economic well being and post pandemic recovery for the entire state of California.”

The county has designated the Crows Landing Industrial Business Park to attract and support new economic development, to bring well-paying jobs closer to its residents. Future development of the Park is planned to occur in phases and will include re-purposing of one existing runway to construct a general aviation airport that will serve as an amenity for the businesses which will exist there and to better meet the region's general aviation needs.

Stanislaus County has applied for federal U.S. Department of Commerce Economic Development Administration funding to support a potable water system project on site.

The system improvements will serve to enhance the neighboring Crows Landing community's existing potable water system.

The Landing @ Crows promises up to 14,000 new jobs at full build-out. For more information go to crowsbizpark.biz.

Some irrigators on West Side of Stanislaus County can expect only 5% of federal water

By John Holland

West Side farmers using the federal Central Valley Project can expect 5% to 75% of their contracted supply this year.

Two straight dry winters brought that announcement Tuesday from the U.S. Bureau of Reclamation. It involves water pumped from the Sacramento-San Joaquin Delta to as far south as Kern County.

Four irrigation districts totaling about 225,000 acres from Crows Landing to Mendota will get 75% allocations because of water rights predating the CVP's construction. They agreed in 1939 to stop drawing directly from the San Joaquin River in exchange for future guarantees.

These water users are the Central California Irrigation District, the San Luis Canal Co., the Firebaugh Canal Water District and the Columbia Canal Co. They banded together into the San Joaquin River Exchange Contractors Water Authority.

The 5% allotment includes the Del Puerto Water District, which irrigates about 45,000 acres along Interstate 5 from Vernalis to Santa Nella.

Del Puerto has reduced its reliance on the federal system by using highly treated water from sewage treatment plants in Modesto and Turlock. And it proposes a reservoir west of Patterson for better long-term control of its storage.

The CVP water is stored as far north as Shasta Reservoir and as far south as New Melones and San Luis reservoirs. The allocations have been constrained in recent decades both by dry conditions and protections for delta fish.

Supplies are below average as well for agencies on the east side of the valley, including the Modesto, Turlock and Oakdale irrigation districts.

They might do better than the West Side, though, thanks to more control over flows and storage. Each district will decide on the 2021 supply as irrigation season approaches in March.

The Bureau of Reclamation noted that the snowpack is 54% of average in the Sierra Nevada, its main source.

"Although we had a couple of precipitation-packed storms in January and early February, we are still well below normal for precipitation and snowfall this year," Regional Director Ernest Conant said in a news release. "We will monitor the hydrology as the water year progresses and continue to look for opportunities for operational flexibility."

Reservoirs and groundwater were doing well after the very wet 2017 and the above-average 2019. Two straight below-average years have drawn down some of the storage.

The Westlands Water District, west of Fresno, is by far the largest user of CVP water. General Manager Tom Birmingham urged efforts to improve the long-term supply in a news release.

"A 5% allocation, although better than zero, will result in a human and economic disaster for families on the West side of the Valley and could result in major strains for the nation's food supply," he said.

CEQA Streamlining Program Bill Passes State Senate

On a 34-0 bipartisan vote, the California State Senate on March 1 approved SB 7 by Senate President pro Tempore Toni G. Atkins (D-San Diego), which restores California Environmental Quality Act (CEQA) streamlining provisions and allows small-scale housing projects to benefit from those provisions.

“As the California State Senate continues our efforts to help California make it out of the COVID-19 tunnel, we are also moving ahead on ongoing issues like housing that will continue to challenge us on the other side,” Atkins said. “SB 7 is an important tool for increasing housing production across California, ensuring communities small and large and urban and rural can benefit from economic development and generating good jobs for skilled workers in many trades.”

In 2011, the Legislature passed and the Governor signed AB 900, which established a new process under CEQA to streamline administrative record paperwork and expedited legal challenges for large, multi-benefit, housing, clean energy and manufacturing projects that have a capital investment of over \$100 million. To date, AB 900 has resulted in at least 14 separate mega-projects representing over \$2 billion in investment in the state. According to information from the Governor’s Office of Planning and Research and the Senate Office of Research, these projects have provided over 10,000 new housing units, and created thousands of new high wage construction and permanent jobs.

AB 900 sunsetted on Jan. 1, 2021. Atkins carried legislation last year to extend the sunset, which passed both the Senate and Assembly with large majority votes, but the bill was unable to get to the Governor’s desk due to time constraints. SB 7 extends AB 900 until 2026 and expands it so it would apply to much smaller housing projects: under AB 900 said only projects of \$100 million or greater are eligible, SB 7 lowers that threshold to \$15 million so smaller housing projects qualify. SB 7 also requires that to be eligible housing projects must have at least 15 percent affordable housing—the highest percentage required in state law.

“There’s an old saying that ‘nothing succeeds like success,’” Atkins said. “With SB 7, we are taking the successful streamlining provisions of AB 900, making them last longer and making them more relevant to the housing needs we have in 2021,” Atkins said. “SB 7 is a key bill in the Senate’s ‘Building Opportunities for All’ housing package, and I particularly want to acknowledge the efforts of Senators Caballero, Cortese, Durazo, Gonzalez, McGuire, Roth, Rubio, Skinner, and Wiener for continuing all the hard work to address the state’s housing crisis and turn these bills into law.”

Atkins is President pro Tempore of the California Senate. Having previously served as Speaker of the California Assembly, she began her tenure in the Senate in 2016.

IN THE NEWS – The Ceres Courier, March 3, 2021

34-inch irrigation cap possible if dry spell continues

By Angelina Martin

During what has so far been one of the driest water years on record for the Turlock Irrigation District, the water agency's directors on Feb. 23 received information on just how much — or how little — irrigation water local farmers could potentially receive this season.

"Sadly, this year is shaping up to be a very dry year as you guys have seen...it is the sixth driest year on record to date, so there is nothing that we can do about that," said TID Assistant General Manager of Water Resources Tou Her. "So far, Mother Nature has played its card and it is dry so far. Considering that it follows a previously dry year, it makes this workshop very necessary and prudent."

The irrigation workshop provided directors with preliminary information concerning the fast-approaching irrigation season, based on precipitation and snowpack data up to Feb. 23. According to Her, TID is anticipating two more important data sets which will give the organization an even better idea of how much water will be available for growers: The March snowpack survey, which will be available this week, and a planned airborne snow survey. The information will be vital given that the Tuolumne snowpack is already measuring at just 55.6 percent of the historical average for the date. The snowpack was bolstered by recent storms, but TID Hydrology Utility Analyst Olivia Cramer said that close to zero rainfall is expected in the region in the next days.

"We'll see how the next forecast cycle goes and if we can build up anymore snowpack, but likely we're not going to be hitting that normal (data point)," Cramer said.

While a resolution has not yet been presented to Directors for approval regarding the irrigation cap, preliminary information led analysts to suggest a 34-inch allotment during the workshop. Since the 2020-2021 water year is the second consecutive dry year, analysts looked to the last drought from 2012 to 2016 in order to decide how much water should be provided to farmers.

In 2012, the Tuolumne River Watershed received 48 percent of the historical average in rainfall and growers were allotted 40 inches. In 2020, the irrigation cap was set at 42 inches following a 51 percent water year. In order to decide how much irrigation water should be provided this season, TID looked at the 2013 allotment, which was also a second consecutive dry year like the region is currently experiencing.

Expecting average conditions, the water year could end up close to the 2013 value of 59 percent, Cramer said. An irrigation cap of 34 inches was set then, and is the allotment which was also presented on Tuesday for this season.

The current water year, which began in September, has seen the watershed receive 14.19 inches of precipitation so far, or 60.8 percent of the historical average. Should dry conditions persist, the water year as a whole could end up sitting at 21 inches in total.

The snowpack is better off than it was at this time last year, however, Cramer informed directors that numbers were about 15 percent lower at this point in 2020.

TID Water Distribution Department Manager Mike Kavarian stated that the potential 34-inch allotment for farmers was just a starting point based on current data. It's anticipated that the irrigation season could start March 18 and last through Oct. 27, and water prices would run at the dry year rate of \$68 per acre foot.

"At the highest level, I would just say I am very supportive of a conservative allocation that lays the groundwork for the potential of a long-term drought," said Director Michael Frantz. "...I think it's in keeping

IN THE NEWS – The Ceres Courier, March 3, 2021 (continued)

with our past practice of incrementally reducing water availability as we work our way into potentially a multi-year drought situation.”

The official irrigation cap and season will be set during a future board meeting.

Work begins on Riverbank's Crossroads West. New housing, retail coming to expansion

By Marijke Rowland

Fields once filled with oats and alfalfa soon will be packed with new homes and roadways as work on Riverbank's long-planned Crossroads West development is finally underway.

The expansion of the popular Crossroads shopping center and community has started in earnest as big machines are on site preparing the first phase of a planned new housing development on the former farmland. The ambitious mixed-use development will include single-family homes, multifamily dwellings and a commercial retail center.

Stockton-based developer FCB Homes has been tapped as the project builder by Randy High Jr., who is overseeing his family's interest in the project as majority landowners. High's family owns close to 240 acres in the overall 380-acre development, which will ultimately include neighborhoods, a school, a fire station, community parks, a sports center and a shopping complex

The land, previously filled with crop fields, a large dairy and some ranchettes, has been prepared for work to begin. Existing structures across the development have been torn down, and ground leveling and underground work is underway.

The first phase will be the plot directly north of Crawford Road to the west of Oakdale Road. When finished, the section will have 91 single-family homes ranging from two bedrooms to five bedrooms. Site work is starting now. By July, model homes should start going up.

FIRST PHASE OF RIVERBANK HOUSING DEVELOPMENT STARTED

FCB Homes President Tom Doucette, whose company has developed local projects including The Vineyard and The Arbors in Oakdale, said families could start moving into homes in Crossroads West by the end of the year.

"Crossroads West will be the first master-plan community in this area that offers more in terms of amenities and other projects," Doucette said. "The amenity package for homeowners in terms of open space, landscaping, retail and commercial opportunities and recreation is going to make this a very special community. There's nothing else like it in the region."

Homes in the first phase will range from 1,900-to-2,300-square foot single-story two- and three-bedroom homes to 2,600-to-3,000-square-foot two-story four- and five-bedroom homes. Prices are expected to start in the high-\$400,000 range and go up to the mid-\$500,000 range.

This past week, when the first sign announcing work on Crossroads West went up, Doucette said they received 150 phone calls in the first day inquiring about the new development.

The High family's portion of the project should ultimately produce some 1,200 single-family homes and around 250 multifamily homes. The Harringfeld family owns around 60 acres farther north of Morrill Road along Oakdale Road near the existing sport park, which is slated to be doubled in size as part of the expansion. The Harringfeld plot will accommodate 300 more single-family homes. Work has not yet begun on that phase of the development.

CROSSROADS WEST RETAIL COMPLEX HAS NOT BEGUN CONSTRUCTION

Walnut Creek-based Browman Development Company, the same firm behind the popular Crossroads Regional Shopping Center, is handling the commercial development portion of Crossroads West. No

IN THE NEWS – The Modesto Bee, February 26, 2021 (Continued Page 2)

plans have been submitted to the city yet for the retail center, which will take up the former site of Dutch Hollow Farms at the corner of Oakdale and Claribel roads.

The commercial expansion is planned to be nearly as large as the original Crossroads it mirrors, with room for 555,000 square feet of new commercial space. The existing retail complex across the road from the new development is a 600,000 square-foot retail center.

For 50 years, High's family has owned much of the land, which once held a dairy with some 600 cows. For roughly the past 15 years, his family has been involved in the Crossroads West project as it wound its way through the entitlement process and various city approvals. In early 2019, the plan took a big step forward with the city's annexation of the 380 acres needed for the development.

"It's been a long road, we've spent a lot of time with the city. I can't stress enough how fantastic as partners they've been from the mayor on down: council, staff and city manager," High said. "It would be impossible to create what we've created in the time we've done it without the leadership they've provided. I think this will be something unique and lasting."

Riverbank officials are equally excited about the development breaking ground. Mayor Richard O'Brien said once completed, it should help alleviate some of the housing shortage in the area. He said the long-planned expansion of the Crossroads retail complex, which opened in 2005, should be another economic boon for the city.

"During the last major recession, the Crossroads shopping center was the lifeblood that kept the city alive," O'Brien said. "As we move forward with development of the commercial site, that will again give us an added cushion during the bleak period that is happening in our economic cycle now."

High said the second phase of the housing development, to the south of Crawford Road to the west of Oakdale Road, could start by the end of the year. While officials initially thought Crossroads West might see its first phase finished sometime in 2020, Riverbank City Manager Sean Scully said having work underway now is a great sign for things to come.

"It's good to see something that has been a marathon finally getting to the part of the race where you can cross the finish line," Scully said. "It will be worth all of the effort when the first couple families move in."

For more on the Crossroads West development from FCB Homes call 209-957-8112 or visit www.fcbhomes.com.

**EXECUTIVE OFFICER'S AGENDA REPORT
MARCH 24, 2021**

**LAFCO APPLICATION NO. 2020-01, MUNICIPAL SERVICE REVIEW NO. 2020-03
& SPHERE OF INFLUENCE UPDATE NO. 2020-03 –
SALIDA STORM DRAIN REORGANIZATION TO COUNTY SERVICE AREA 4**

SUMMARY

The proposed reorganization is a request to annex the Salida community into County Service Area (CSA) 4 to provide storm drain services to the entirety of Salida. The proposal includes a divestiture of storm drain services from an existing district in the area (CSA 10) and detachment of the Landmark Business Park area from CSA 10 in order to prevent a duplication of services. An updated Municipal Service Review and Sphere of Influence reflecting the changes has also been prepared for the Commission's consideration and adoption.

Applicant:

Stanislaus County Department of Public Works by Resolution of Application from the Board of Supervisors

Location:

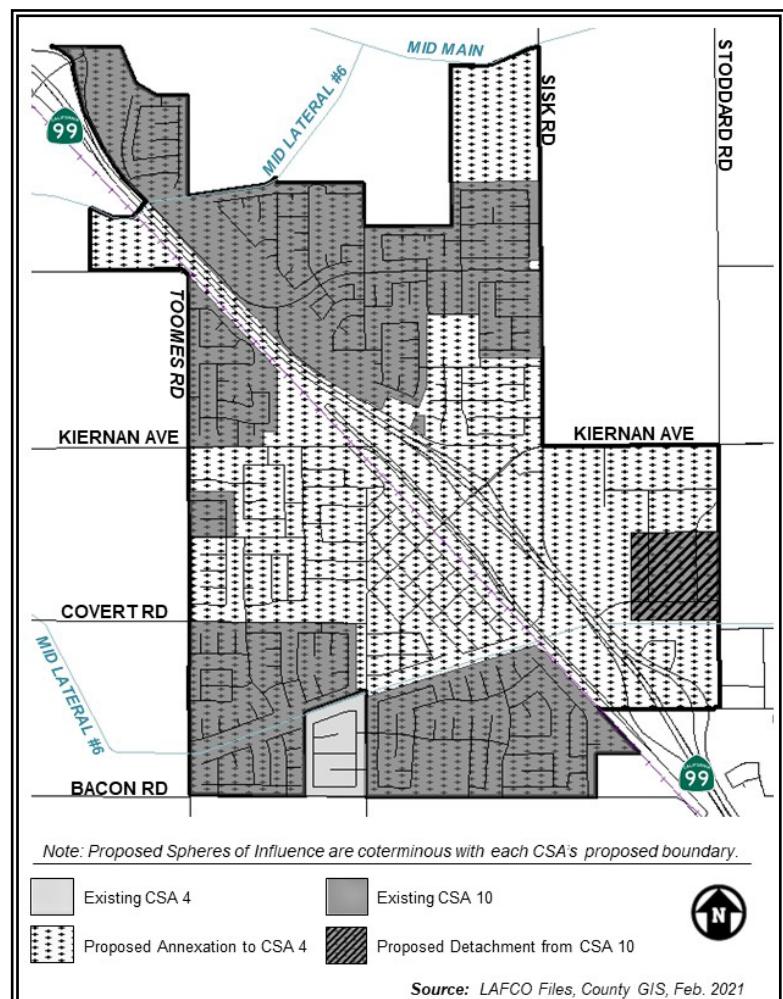

The proposal includes the community of Salida generally located south of the MID Main Canal, west of Stoddard Road, north of Bacon Road and east of Toomes Road (see Exhibit A – Maps and Legal Description).

Parcels Involved and Acreage:

The annexation area includes 4,306 Assessor's parcels totaling approximately 1,491 acres.

Reason for Request:

The Stanislaus County Department of Public Works recently reviewed the services and boundaries of the County Service Areas (CSAs) in the Salida area and is requesting the reorganization of CSA 4 and CSA 10 to better align each of these districts with the services that they provide.

If approved, CSA 4 will encompass the entirety of Salida as the funding mechanism for storm drain services. CSA 10 will be divested of storm drain services and will provide the funding for parks and streetscape maintenance within only the areas of Salida benefitting from those services. The detachment of the Landmark Business Park area from CSA 10 will ensure that the area only remains in CSA 4 for storm drain services following the reorganization.

Commission Actions

The following Commission actions are recommended for the County's proposal:

- Adopt a Municipal Service Review and Sphere of Influence modification with associated determinations for County Service Area (CSA) 4 and 10
- Approve the annexation of the Salida community (1,491+/- acres) to CSA 4 for storm drain services
- Approve the detachment of the Landmark Business Park area (40+/- acres) from CSA 10
- Approve the divestiture of storm drain services from CSA 10
- Certify that the proposal is exempt from the California Environmental Quality Act (CEQA)

BACKGROUND

In 1989, the County established CSA 4 (Bristol Glen) consisting of approximately 32 acres to provide extended storm drain services to a subdivision in the Salida area. In 1990, the County established CSA 10 (Salida) encompassing additional new subdivisions in the Salida area to fund multiple services, including storm drain services, parks, and streetscape maintenance.

In 2002 and 2003, the Stanislaus Public Works Department completed a storm drain project that included curb, gutter, inlets, and collection pipelines to tie-in with the Salida-wide storm drain system. The work was completed along Broadway Avenue and Salida Boulevard in the original areas of Salida, located outside of CSA 4 and 10. This left a large area of Salida benefiting from the storm drain services although not contributing to the ongoing maintenance costs following initial construction.

In 2019, the Stanislaus County Department of Public Works began outreach at Salida Municipal Advisory Council (MAC) regarding services provided by CSA 4 and 10, their boundaries, revenues, and the proposed reorganization.

In 2020 and 2021, the Stanislaus County Board of Supervisors conducted public hearings and adopted resolutions of application (attached as Exhibit B) requesting that LAFCO annex the entire community of Salida into CSA 4 for storm drain services, divest the existing CSA 10 of storm drain services, and detach the Landmark Business Park area from CSA 10.

FACTORS

The Cortese-Knox-Hertzberg Local Government Reorganization Act of 2000 requires several factors to be considered by a LAFCO when evaluating a proposal. The following discussion pertains to the factors, as set forth in Government Code Section 56668 and 56668.3:

- a. Population and population density; land area and land use; per capita assessed valuation; topography, natural boundaries, and drainage basins; proximity to other populated areas; the likelihood of significant growth in the area, and in adjacent incorporated and unincorporated areas, during the next 10 years.***

The area contains 4,306 parcels totaling approximately 1,491 acres. The community of Salida is already developed and has an estimated population of 13,722. Salida is developed with residential, commercial, educational, recreational and industrial uses. The small number of undeveloped areas throughout the proposed boundary are currently planned for commercial type uses. Annexation to the CSA 4 will not change or lead to change in the zoning or use of the project area. It is not expected that any significant population growth will occur as a result of the reorganization.

- b. The need for organized community services; the present cost and adequacy of governmental services and controls in the area; probable future needs for those services and controls; probable effect of the proposed incorporation, formation, annexation, or exclusion and of alternative courses of action on the cost and adequacy of services and controls in the area and adjacent areas.***

The proposed reorganization will provide the funding mechanism for extended county services including storm drainage, maintenance and operations. Presently, although storm drain infrastructure is installed and the County is currently providing services to these areas, the funding for ongoing maintenance has not been secured. Annexation to CSA 4 would increase the number of assessment ratepayers from 137 parcels to approximately 4,443 total parcels, all of which benefit from storm drain services.

The proposed divestiture of storm drain services from CSA 10 is intended to avoid a duplication services by the two CSAs. Following the reorganization, CSA 4 will be the sole provider of storm drain services to Salida. CSA 10 will be the sole provider of park and streetscape services for those areas within Salida that benefit from those services. As such, Landmark Business Park will be detached from CSA 10 following the reorganization (as it will only benefit from the storm drain services provided by CSA 4).

Consistent with Government Code §56668.3, the proposed reorganization will provide services that will benefit the residents, landowners and community within the territory. There is a continued need for both storm drain services and park/streetscape services and the proposed reorganization will allow all parcels benefiting from the storm drain service to contribute the necessary funds to operate and maintain adequate service levels.

- c. The effect of the proposed action and of alternative actions, on adjacent areas, on mutual social and economic interests, and on the local governmental structure of the county.***

County service areas are dependent districts, with the Stanislaus County Board of Supervisors serving as the district's governing body. Operations and maintenance of the CSAs are provided by the County Public Works Department.

- d. The conformity of both the proposal and its anticipated effects with both the adopted commission policies on providing planned, orderly, efficient patterns of urban development, and the policies and priorities set forth in Section 56377.***

The affected area is already developed with residential, commercial, educational, recreational and industrial uses. There are no changes in land use or new development as a result of this reorganization.

- e. ***The effect of the proposal on maintaining the physical and economic integrity of agricultural lands, as defined by Section 56016.***

The proposal will not result in the loss of agricultural land and will not affect the physical and economic integrity of agricultural land.

- f. ***The definiteness and certainty of the boundaries of the territory, the nonconformance of proposed boundaries with lines of assessment or ownership, the creation of islands or corridors of unincorporated territory, and other similar matters affecting proposed boundaries.***

The proposed annexation to CSA 4 includes approximately 4,443 parcels within the community of Salida. The County has provided legal descriptions for the annexation to CSA 4 and detachment from CSA 10. The proposed spheres of influence for each District will be coterminous with their boundaries.

- g. ***A regional transportation plan adopted pursuant to Section 65080***

The Regional Transportation Plan (RTP) is prepared and adopted by the Stanislaus Association of Governments (StanCOG) and is intended to determine the transportation needs of the region as well as strategies for investing in the region's transportation system. The proposal is infill in nature and does not conflict with the County's Regional Transportation Plan.

- h. ***The proposal's consistency with city or county general and specific plans***

The area is developed with residential, commercial, educational, recreational and industrial uses. The proposal is consistent with the Stanislaus County General Plan, Zoning Ordinance and Salida Community Plan.

- i. ***The sphere of influence of any local agency, which may be applicable to the proposal being reviewed.***

The reorganization includes sphere of influence amendments to both County Service Areas 4 and 10 to remain coterminous with each District's boundary. In order to modify the spheres of influence, a Municipal Service Review and Sphere of Influence Update has been prepared for the proposal with determinations related to each (attached as Exhibit C).

- j. ***The comments of any affected local agency or other public agency.***

All affected agencies and jurisdictions have been notified pursuant to State law requirements and the Commission's adopted policies. No comments have been received from any local or public agencies as of the completion of this report.

- k. ***The ability of the receiving entity to provide services which are the subject of the application to the area, including the sufficiency of revenues for those services following the proposed boundary change.***

The County prepared Engineer's Reports for both CSA 4 and CSA 10 (attached as Exhibit D) that describe specific improvements, services, costs, and assessments for each of the

Districts and the parcels each would encompass following the reorganization.

If the reorganization is approved, the existing assessment rate approved for CSA 4 (\$31.38 annually per equivalent benefit unit) will be applied to all parcels included in the annexation area. Any increase to this assessment will require compliance with Proposition 218. The County is also proposing that due to the divestiture of storm drain services from CSA 10, all Public Works fund balance for storm drain maintenance services, systems, and related infrastructure be transferred from CSA 10 to CSA 4 upon the effective date of the reorganization. Additionally, upon the effective date, the County will transfer 60.1% of CSA 10's administration fund to CSA 4. This will ensure that the responsibilities and funding associated with storm drain maintenance are fully transferred to CSA 4 when the annexation is complete.

l. Timely availability of water supplies adequate for projected needs as specified in Government Code Section 65352.5.

Salida is currently served by the City of Modesto for water services via the former Del Este water system, acquired by the City in 1995. There will be no change in water needs, supply, or service as a result of the proposed reorganization.

m. The extent to which the proposal will affect a city or cities and the county in achieving their respective fair shares of the regional housing needs as determined by the appropriate council of governments consistent with Article 10.6 (commencing with Section 65580) of Chapter 3 of Division 1 of Title 7.

The reorganization will provide a funding mechanism for infrastructure maintenance and operations within the proposed territory. Much of the territory is already developed. No additional housing is anticipated as a result of this reorganization.

n. Any information or comments from the landowner or owners, voters, or residents of the affected territory.

Stanislaus County Public Works staff began public outreach at the monthly Salida Municipal Advisory Committee (MAC) meetings in 2019 and provided presentations through early 2020 to discuss the CSA 4 proposal. In February 2020, the Salida MAC Board voted unanimously to support the annexation to CSA 4. Subsequently, two public hearings were held in 2020 and early 2021 by the Stanislaus County Board of Supervisors for the adoption of resolutions of application to LAFCO.

Following LAFCO's receipt of the application, Staff provided notices to all affected agencies, the Salida MAC, and to interested parties. An 1/8-page notice was published in the Modesto Bee. No additional comments have been received as of the completion of this report.

o. Any information relating to existing land use designations.

The County retains the responsibility for land use decisions within the Salida area. The majority of the area within the reorganization is already developed with residential, commercial, educational, recreational and industrial uses. There are currently no plans to change the land uses within the affected territory.

p. The extent to which the proposal will promote environmental justice.

As defined by Government Code §56668, "environmental justice" means the fair treatment of people of all races, cultures, and incomes with respect to the location of public facilities and the provision of public services. Staff has determined that approval of the proposal would not result in the unfair treatment of any person based on race, culture or income with respect to the provision of services within the proposal area.

q. Information contained in a local mitigation plan, information contained in a safety element of a general plan, and any maps that identify land as a very high fire hazard zone pursuant to Section 51178 or maps that identify land determined to be in a state responsibility area pursuant to Section 4102 of the Public Resources Code, if it is determined that such information is relevant to the area that is the subject of the proposal.

The proposed reorganization territory is already developed and site has not been identified as being within a very high fire hazard severity zone.

DISCUSSION

Based on the information provided by Stanislaus County, the proposed reorganization can be considered consistent with Commission policies that encourage efficient and effective delivery of governmental services. Aligning revenues with actual services provided has been the goal of the County. Staff has determined that the proposed annexation is consistent with Government Code and LAFCO policies.

Extension of Existing Assessment and Transfer of Funds

LAFCO law allows the Commission to approve annexations subject to certain terms and conditions. Specifically, Government Code Section 56886(t) allows the Commission to extend any previously authorized charge, fee, assessment, or tax by the local agency in the affected territory. As it is the intent of the County to apply the existing assessment of CSA 4 to the annexation area, this has been included as a term in the Commission's draft resolution.

Additionally, as the responsibility of storm drain maintenance is being transferred from CSA 10 to CSA 4, the County has requested that a simultaneous transfer of all fund balance for the maintenance of storm drain services, systems, and related infrastructure, as well as 60.1% of CSA 10's administration fund be transferred to CSA 4. This has been incorporated as a term of the proposal to be effective upon recording of the Certificate of Completion.

Protest Proceedings

Should the Commission approve the proposal, the reorganization will be subject to a Protest Hearing which will allow registered voters and property owners to protest the Commission's decision. Pursuant to Government Code Section 57075, if a majority protest occurs (at least 50% of the registered voters residing in the territory), the proceedings will be terminated. If there is less than a majority protest, but one of the following thresholds is met, an election will be called:

1. Protests are filed from at least 25 percent, but less than 50 percent, of the registered voters residing in the affected territory.
2. Protests are filed from at least 25 percent of the property owners who also own at least 25 percent of the assessed value of land within the affected territory.

If there is less than a majority protest and an election is not triggered from the above thresholds, the Commission's approval will be ordered.

Environmental Review

The proposal is considered exempt for the purposes of the California Environmental Quality Act (CEQA) pursuant sections 15319(a) and 15061(b)(3) of the California Code of Regulations. Section 15319(a) categorically exempts annexations of existing, developed areas to districts. Section 15061(b)(3) exempts projects through a general rule that CEQA applies only to projects which have the potential for causing a significant effect on the environment. The proposed reorganization and all its associated actions have no possibility of having a significant effect on the environment, therefore Staff will prepare and file a CEQA Notice of Exemption upon approval of the proposal.

ALTERNATIVES FOR COMMISSION ACTION

Following consideration of this report and any testimony or additional materials that are submitted at the public hearing for this proposal, the Commission may take one of the following actions:

- Option 1** APPROVE the proposal, as submitted by the applicant.
- Option 2** DENY the proposal.
- Option 3** CONTINUE this proposal to a future meeting for additional information.

STAFF RECOMMENDATION

Based on the information and discussion in this staff report, and following any testimony or evidence presented at the meeting, Staff recommends that the Commission approve the proposal and adopt Resolution No. 2021-03 (attached as Exhibit E), which:

1. Certifies that the project is statutorily exempt for the purposes of the California Environmental Quality Act (CEQA) pursuant to §15061(b)(3) and §15319(a) of the California Code of Regulations;
2. Finds the proposal to be consistent with State law and the Commission's adopted Policies and Procedures;
3. Determines that in accordance with Government Code §56886(t) and §57330, the reorganization area will be subject to all previously authorized charges, fees, assessments, and taxes of County Service Area No. 4;

4. Determines that upon the effective date of the reorganization, all fund balance for maintenance of storm drain systems and related infrastructure and 60.1% of the administration fund of CSA 10 will transfer to CSA 4;
5. Approves the reorganization consisting of annexation of Salida to County Service Area No. 4, detachment of the Landmark Business Park area from County Service Area No. 10, and divestiture of storm drain services from County Service Area No. 10, as well as the updated municipal service review and sphere of influence modifications for each District; and,
6. Directs the Executive Officer to initiate Protest Proceedings.

Respectfully submitted,

Javier Camarena

Javier Camarena
Assistant Executive Officer

EXHIBIT "A"

County Service Area No. 4 Salida Storm Drain

All that certain real property being situate in a portion of Sections 27, 28, 33 and 34 in Township 2 South, Range 8 East and a portion of Sections 3 and 4 in Township 3 South, Range 8 East, Mount Diablo Meridian, County of Stanislaus, State of California, more particularly described as follows:

Beginning at the Southeast corner of said Section 4, said corner also being the southeast corner of existing "County Service Area (CSA) No. 4 – Bristol Glen"; thence along the described boundary of said "CSA No. 4", the following three courses:

- 1) North 00°10'52" West along the centerline of Finney road and the east line of Section 4, a distance of 1655.74 feet;
- 2) thence South 70°08'57" West along the north line of M.I.D. Lateral No. 6, a distance of 987.53 feet;
- 3) thence South 00°13'13" East along the east line of the Wise property described in the deed recorded in Vol. 1264, Official Records, Pg. 293, Stanislaus County Records, a distance of 1308.71 feet to the southeast corner of "CSA No. 10, Sub-Area 5"; thence along the south and west lines of said "CSA 10, Sub-Area No. 5", the following three courses:
 - 4) North 89°16'43" West along the south line of said Section 4, a distance of 1708.86 feet;
 - 5) thence North 00°13'18" West along the north-south quarter section line of said Section 4, a distance of 1310.45 feet, to a point on the south line of "Astoria Sound Reorganization to the Salida Sanitary District & CSA #10"; thence along the south, west and north lines of said "Astoria Sound Reorganization", the following three courses:
 - 6) South 89°46'42" West 20.00 feet to a point on a line 20.00 feet west of and parallel with the centerline of Toomes Road and the north-south quarter line of said Section 4;
 - 7) thence North 00°13'18" West, on said line, a distance of 721.93 feet;
 - 8) thence North 89°46'42" East 20.00 feet to a point on the west line of said "CSA 10, Sub-Area No. 5";
 - 9) thence North 00°13'18" West, along said west line, a distance of 604.41 feet to the northwest corner of said "CSA 10, Sub-Area No. 5" and the centerline of Covert Road;
 - 10) thence North 00°12'46" West, along said north-south quarter section line, a distance of 1288.42 feet to the southwest corner of "CSA 10, Sub-Area No. 6";
 - 11) thence North 00°12'46" West, along the west line of said "CSA 10, Sub-Area no. 6", a distance of 680.96 feet to the northwest corner of said "CSA 10, Sub-Area No. 6";
 - 12) thence North 00°12'46" West along said north-south quarter section line, a distance of 663.40 feet to the south 1/4 corner of Section 33 and the southwest corner of "CSA No. 10, Sub-Area No. 3";
 - 13) thence along the west line of said "CSA 10, Sub-area no. 3" and the north-south centerline of said Section 33, North 00°19'36" West 2596.62 feet to the southwesterly right-of-way line of the Southern Pacific Railroad Company;
 - 14) thence North 00°19'36" West 59.34 feet to the interior 1/4 corner of said Section 33;
 - 15) thence South 89°50'57" West, along the east-west 1/4 section line of said Section 33,

- a distance of 1453.45 feet;
- 16) thence North 00°19'21" West 947.67 feet to a point on the south line of MID Lateral No. 8;
thence along the said south line, the following five courses:
 - 17) South 68°18'33" East 53.53 feet;
 - 18) thence South 64°34'55" East 198.28 feet to a point of curvature, concave to the north, having a radius of 367.20 feet, from which a radial line to the center bears North 25°25'05" East;
 - 19) thence southeasterly along the arc of said curve, through a central angle of 19° 55'11",
an arc distance of 127.66 feet;
 - 20) thence South 84°29'32" East 91.46 feet to a point of curvature, concave to the north, having a radius of 373.52 feet, from which a radial line to the center bears North 05°08'01" East;
 - 21) thence easterly along the arc of said curve, through a central angle of 29°26'09", an arc distance of 191.90 feet; to a point on the southwest ROW line of 100 foot wide U.P.R.R.;
 - 22) thence North 40°20'29" East 296.03 feet to the southwest right-of-way line of 88 foot wide Pirrone Road and the southwest corner of "Pirrone Road No. 1 Change of Organization (Annexation) to County Service Area No. 10";
 - 23) thence along the west line of said "Pirrone Road No. 1", and along said right-of-way line, North 43°07'09" West 318.05 feet to a point on the west boundary of "CSA 10, Sub-Area No. 2";
thence along said west boundary, also being the easterly right-of-way line of State Route 99, a highway, the following nine courses;
 - 24) North 43°07'09" West 107.20 feet to a point of curvature, concave to the northeast, having a radius of 2230.00 feet, from which a radial line to the center bears North 46°52'37" East;
 - 25) thence northwesterly, along the arc of said curve, through a central angle of 17°11'36" an arc distance of 669.18 feet;
 - 26) thence North 25°55'42" West 384.45 feet to a point of curvature concave to the east, having a radius of 1935.00 feet, from which a radial line to the center bears North 64°14'15" East;
 - 27) thence northerly along the arc of said curve, through a central angle of 12°09'39",
an arc distance of 410.70 feet;
 - 28) thence North 12°36'25" West 438.75 feet;
 - 29) thence North 06°54'56" East 73.02 feet;
 - 30) thence North 26°56'54" West 100.00 feet;
 - 31) thence North 69°42'19" West 65.02 feet to a point of curvature, non-tangent to the preceding course, concave to the southwest, having a radius of 565.00 feet, from which a radial line to the center bears South 40°33'16" West;
 - 32) thence northwesterly along the arc of said curve, through a central angle of 28°28'25",
an arc distance of 280.78 feet to the northerly line of a parcel of land conveyed to Joe and Helen Trombetta as recorded in book 3243 at Page 70 of the official Records of said County; thence along the northerly and easterly lines of said Trombetta Parcel and said "CSA 10, Sub-Area No. 2", the following five courses:
 - 33) South 89°59'36" East 1042.86.00 feet;
 - 34) thence South 20°29'36" East 156.31 feet;
 - 35) thence South 23°14'36" East 415.14 feet;
 - 36) thence South 57°43'19" East 366.20 feet to the south line of said Section 28; thence along the northerly and easterly lines of said "CSA 10, Sub-Area No. 2", the following two courses;

- 37) South 89°56'36" East 468.34 feet along the south line of said Section 28 to the north 1/4 corner of said Section 33;
- 38) thence South 00°19'42" East along the north-south centerline of said Section 33, a distance of 1515.17 feet, to the centerline of the Modesto Irrigation District Lateral No. 8, said point being the northwest corner of "CSA 10, Sub-Area No. 1"; thence along the north line of said "CSA 10, Sub-Area No. 1", the following five courses:
- 39) North 82°04'04" East 1082.55 feet to a point of curvature, concave to the northwest, having a radius of 402.18 feet, from which a radial line to the center bears North 07°52'S7" West;
- 40) thence along the arc of said curve, through a central angle of 39°02'43" an arc distance of 274.07 feet to the north-south quarter-quarter line of said Section 33 as shown in said Book 42 of Parcel Maps, at Page 67;
- 41) thence South 00°30'04" East 84.91 feet along said quarter-quarter line to the northeast corner of Parcel 1 of said Book 42 of Parcel Maps, at Page 66; thence along the north line of Parcel 1 and the north and East lines of the Remainder Parcel of said Book 42 of Parcel Maps, at Page 66, the following two courses:
- 42) North 89°57'51" East 1316.58 feet;
- 43) thence South 00°29'59" East 661.62 feet to the northwest corner of "Park View Estates Annexation to County Service Area 10";
- 44) Thence North 89°22'46" East, along the north line of said "Park View Estates Annexation", 217.00 feet to a point on the north line of said "CSA 10, Sub-Area No. 1"; thence along the north line of said "CSA 10, Sub-Area No. 1", the following two courses:
- 45) North 88°22'46" East 1102.26 feet;
- 46) thence North 00°31'46" West, along the westerly boundary of said Parcel A of Book 4 of Parcel Maps, at page 63, a distance of 663.98 feet;
- 47) thence departing the north line of said "CSA 10, Sub-Area No. 1" and continuing on the bearing North 00°31'46" West 1325.09 feet to the north line of said Section 34;
- 48) thence North 00°40'09" West 494.48 feet to the south line of MID Main Canal; thence along the south line of said Main Canal the following five courses;
- 49) South 87°34'43" East 413.47 feet to a point of curvature, concave to the north, having a radius of 510.00 feet, from which a radial line to the center bears North 02°25'17" East;
- 50) thence easterly along the arc of said curve, through a central angle of 24°53'42", an arc distance of 221.59 feet;
- 51) thence North 67°31'35" East 521.23 feet to a point of curvature, concave to the southeast, having a radius of 820.00 feet, from which a radial line to the center bears South 22°28'25" East;
- 52) thence northeasterly along the arc of said curve, through a central angle of 06°02'42", an arc distance of 86.51 feet;
- 53) thence North 73°34'17" East 126.93 feet to a point on the north-south 1/4 Section line of said Section 27;
- 54) thence departing said south line and bearing South 00°42'29" East along said 1/4 section line, 760.99 feet to the north 1/4 corner of Section 34;
- 55) thence South 00°33'28" East along the north-south 1/4 section line of said Section 34, a distance of 1326.68 feet to the northeast corner of said "CSA 10, Sub-Area No. 1";

- 56) thence South 00°33'30" East along said north-south quarter section line and the east line and southerly projection of said "CSA 10, Sub-Area No. 1", 1328.15 feet to interior 1/4 corner of said Section 34 also being a point on the east boundary of said "CSA 10, Sub-Area No. 1";
- 57) thence South 00°33'24" East along the north-south 1/4 section line of said Section 34 and the east boundary of said "CSA 10, Sub-Area No. 1", a distance of 1336.71 feet to a point on the intersection of the north-south 1/4 section line of said Section 34 and the easterly projection of the southerly line of Parcel 1 as shown in Book 38, at Page 70, of the Parcel Maps of said County;
- 58) thence departing the boundary of said "CSA 10, Sub-Area No. 1" and bearing South 00°33'26" East along the north-south 1/4 section line of said Section 34, a distance of 1318.07 feet to the north 1/4 corner of Section 3, Township 3 South, Range 8 East, M.D.M.;
- 59) thence North 89°34'59" East along the north line of said Section 3, a distance of 2641.84 feet to the northeast corner of said section 3;
- 60) thence South 00°13'39" East along east line of said Section 3, a distance of 1334.53 feet to the northeast corner of "CSA 10, Sub-Area no. 7";
- 61) thence South 00°13'39" East 1334.93 feet along the east line of said "CSA 10, Sub-Area no. 7" also being the east line of said Section 3, to the east 1/4 corner thereof, as shown in said Book 40 of Parcel Maps at Page 80;
- 62) thence South 00°14'06" East continuing along said east section line, 1333.82 feet to the east-west 1/4 1/4 section line in the southeast 1/4 of said Section 3;
- 63) thence South 89°39'07" West along said 1/4-1/4 section line, 1817.52 feet to the southwest right-of-way line of said Southern Pacific Railroad and being a point on the northeast boundary of "CSA 10, Sub-Area No. 4"; thence along the northeast, east and south boundary of said "CSA 10, Sub-Area No. 4" the following 5 courses;
- 64) South 43°08'03" East 898.38 feet, to the northeast corner of that certain parcel of land described in Instrument No. 88-029041 of the records of said County, and shown in Book 18 of Surveys, at Page 50, Stanislaus County Records;
- 65) thence along the northerly line of said Book 18 of Surveys, at page 50 South 89°44'12" West 652.65 feet;
- 66) thence South 00°07'42" East along the westerly line of said Book 18 of Surveys, at page 50, a distance of 671.50 feet to the south line of Section 3;
- 67) thence South 89°46'27" West along said south line of Section 3, a distance of 784.40 feet to the south 1/4 corner of said Section 3;
- 68) thence South 89°46'52" West along said south line of Section 3, a distance of 2644.18 feet as shown in said Book 2 of Surveys, at Page 61, to the southwest corner of said Section 3, also being the Southeast corner of said "County Service Area No. 4 – Bristol Glen" and the Point of Beginning.

Area = 1491 acres

LEGAL DESCRIPTION
SERVICE AREA 10
SUB-AREA 7
COUNTY OF STANISLAUS
STATE OF CALIFORNIA

A portion of Section 3, Township 3 South, Range 8 East, Mount Diablo Meridian, County of Stanislaus, State of California, more particularly described as follows:

Commencing at the northeast corner of said Section 3;

1. thence South 00°35'35" East 1334.93 feet along the east line of said Section 3 to the north 1/16 corner common to Section 3 and Section 2 of said Township and Range, also being the southeast corner of Parcel 1, as shown in Book 40, at Page 80, of the Parcel Maps of said County and the **Point of Beginning** of the herein described area;
2. thence South 00°35'35" East 1334.93 feet continuing along the east line of said Section 3 to the east quarter corner thereof, as shown in said Book 40 of Parcel Maps at Page 80;
3. thence South 89°26'20" West 1322.35 feet, along the east-west centerline of said Section 3 to the southwest corner of the Remainder parcel shown in said Book 40 of Parcel Maps, at Page 80;
4. thence North 00°25'36" West 1323.6 feet, along the westerly line of said Remainder parcel to the most southerly southwest corner of Parcel 1 of said Book 40 of Parcel Maps, at Page 80;
5. thence North 88°56'47" East 1318.55 feet, along the boundary of said Parcel 1, to the POINT OF BEGINNING.

The Bearings in the above description were taken directly from record information, and more particularly from the map or document called as a reference for each individual course. No attempt has been made to reconcile these record bearings to a common basis.

END OF DESCRIPTION

The above description is based upon the original annexation description written by David J. Stringer, L.S. 5590, dated 07-27-1990. it has been modified here solely for the purpose of updating said description to comply with the current standards for written legal descriptions as established in 2005 by the State Board of Equalization.

Item # 5.C.1

THE FOLLOWING RESOLUTION WAS ADOPTED:

**RESOLUTION OF APPLICATION FOR THE ANNEXATION OF UNINCORPORATED SALIDA
AREA TO COUNTY SERVICE AREA NO. 4 - BRISTOL GLEN**

BE IT RESOLVED, that the Board of Supervisors, of the County of Stanislaus, State of California, hereby finds and determines as follows:

WHEREAS, the proposal for the annexation of properties known as Unincorporated Salida Area to the County Service Area No. 4 – Bristol Glen (CSA No. 4) is being made pursuant to Government Code sections 56654 and 25217; and

WHEREAS, the County of Stanislaus desires to initiate proceedings pursuant to Part 3 of the Cortese-Knox-Hertzberg Local Government Reorganization Act of 2000 (Government Code § 56000 et seq.) for the annexation of territory to County Service Area No. 4); and

WHEREAS, the purpose of the proposal is to allow the subject territories to receive the extended storm drainage services offered by CSA No. 4; and

WHEREAS, the proposed annexation consists of approximately 1,532 acres in Salida, as shown on the attached legal description and map; and

WHEREAS, upon annexation, the territory will be identified as CSA No. 4; and

WHEREAS, there is a need to provide ongoing funding through the assessments, to support the provision of the special benefit of a storm drain system maintenance in the proposed CSA 4 and doing so will promote health, safety and welfare of the residential and business areas; and welfare of the residential and business areas; and

WHEREAS, the proposed annexation will include a simultaneous expansion of the CSA No. 4 sphere of influence in order to maintain consistency; and

WHEREAS, this proposal includes an Engineer's Report, satisfying the plan for service requirement pursuant to Section 56653; and

WHEREAS, the Board has reviewed the Engineer's Report and approves the method and the amount of the assessment.

NOW, THEREFORE, BE IT RESOLVED that the Local Agency Formation Commission of Stanislaus County shall hereby be requested to commence proceedings for the annexation of territory as described in attached legal description and map into County Service Area No. 4 (Bristol Glen) as authorized in the manner provided by the Cortese-Knox-Hertzberg Local Government Reorganization Act of 2000.

Item # 6.C.2

THE FOLLOWING RESOLUTION WAS ADOPTED:

**RESOLUTION OF APPLICATION FOR THE DIVESTITURE OF STORM DRAIN SERVICES,
TRANSFER OF FUNDS, AND DETACHMENT OF CERTAIN TERRITORY FROM COUNTY
SERVICE AREA NO. 10 IN SALIDA**

BE IT RESOLVED that the Board of Supervisors, of the County of Stanislaus, State of California, hereby finds and determines as follows:

WHEREAS, a proposal for the annexation of properties of the unincorporated area of Salida to County Service Area No. 4 - Bristol Glen (CSA No. 4) was approved by the Board of Supervisors on August 11, 2020 (Resolution No. 2020-0415); and

WHEREAS, in order to accomplish the intent of the proposal, the County of Stanislaus desires additional actions related to County Service Area No. 10 (CSA No. 10) in order to avoid a duplication of services as a result of the annexation; and

WHEREAS, the additional actions requested of the Stanislaus Local Agency Formation Commission (LAFCO) include divestiture of storm drain services from CSA No. 10 and detachment of territory known as Sub-Area 7 (Landmark Business Park) from CSA No. 10; and

WHEREAS, this request is being made pursuant to Government Code sections 56654 and 25217 and the actions are intended to occur simultaneously as a reorganization with the annexation to CSA No. 4, as requested by the Board of Supervisors' Resolution No. 2020-0415 ; and

WHEREAS, the proposal is consistent with the sphere of influence adopted for CSA No. 10; and

I hereby certify that the foregoing is a full,
true and correct copy of the Original entered
in the Minutes of the Board of Supervisors.

ELIZABETH A. KING

Clerk of the Board of Supervisors of the
County of Stanislaus, State of California

By Patricia A. King

WHEREAS, the proposed reorganization will include a simultaneous transfer of all CSA No. 10 Salida's storm drain services, systems, and related infrastructure to CSA No. 4; and

WHEREAS, the area to be detached known as Sub-Area 7 (Landmark Business Park) is more specifically described in the attached legal description and map; and

WHEREAS, this proposal includes the transfer of CSA No. 10's fund balance designated specifically for storm drain system maintenance and the transfer of 60.1% of CSA No. 10's administrative fund balance to CSA 4; and

WHEREAS, this proposal includes an Engineer's Report for CSA No. 10, satisfying the plan for service requirement pursuant to Section 56653; and

WHEREAS, the Board has reviewed the Engineer's Report for CSA No. 10 and approves the list of services to be provided.

NOW, THEREFORE, BE IT RESOLVED that the Board of Supervisors hereby requests the Local Agency Formation Commission of Stanislaus County commence proceedings as authorized in the manner provided by the Cortese-Knox-Hertzberg Local Government Reorganization Act of 2000, for the following reorganization to occur simultaneously with annexation to County Service Area No. 4:

1. Divestiture of storm drain services from County Service Area No. 10 (CSA No. 10) and the simultaneous transfer of all systems and related infrastructure to County Service Area No. 4 (CSA No. 4).
2. Detachment of territory identified as Sub-Area 7 (Landmark Business Park) as described in attached legal description and map from CSA No. 10.
3. Transfer of all Public Works fund balance for the maintenance of storm drain services, systems, and related infrastructure from CSA No. 10 to CSA No. 4.
4. Transfer of 60.1% of CSA No. 10's administration fund to CSA No. 4.

Municipal Service Review and Sphere of Influence Updates For the County Service Area 4 – Bristol Glen (Salida Storm Drain) & County Service Area 10 - Salida

Introduction

The Cortese/Knox/Hertzberg Local Government Reorganization Act of 2000 Act (CKH Act) requires the Local Agency Formation Commission (LAFCO) to update the Spheres of Influence (SOI) for all applicable jurisdictions in the County. A Sphere of Influence is defined by Government Code 56076 as "...a plan for the probable physical boundary and service area of a local agency, as determined by the commission." The Act further requires that a Municipal Service Review (MSR) be conducted prior to or, in conjunction with, the update of a Sphere of Influence (SOI).

The legislative authority for conducting Service Reviews is provided in Government Code Section 56430 of the CKH Act. The Act states, that "in order to prepare and to update spheres of influence in accordance with Section 56425, the commission shall conduct a service review of the municipal services provided in the county or other appropriate area..." A Service Review must have written determinations that address the following factors:

Service Review Factors to be Addressed

1. Growth and population projections for the affected area
2. The location and characteristics of any disadvantaged, unincorporated communities within or contiguous to the sphere of influence
3. Present and planned capacity of public facilities and adequacy of public services, including infrastructure needs or deficiencies including needs or deficiencies related to sewers, municipal and industrial water, and structural fire protection in any disadvantaged, unincorporated communities within or contiguous to the sphere of influence.
4. Financial ability of agencies to provide services
5. Status of, and opportunities for, shared facilities
6. Accountability for community service needs, including governmental structure and operational efficiencies
7. Any other matter related to effective or efficient service delivery, as required by commission policy

State Guidelines and Commission policies encourage cooperation among a variety of stakeholders involved in the preparation of a Service Review. Currently, Stanislaus County has 22 County Service Areas (CSAs). Typically, staff updates the CSAs Municipal Service review every five years and includes all 22 CSAs. The next comprehensive update for the CSAs will occur later in 2021. However, Staff has received an application for a reorganization which includes CSA 4 – Bristol Glen (name to be changed to "Salida Storm Drain") and CSA 10 - Salida. This update will analyze CSAs 4 and 10 for the purposes of accommodating the reorganization and associated changes to the Sphere of Influence of CSA 4.

Sphere of Influence Update Process

A special district is a government agency that is required to have an adopted and updated Sphere of Influence. Section 56425(g) of the CKH Act calls for Spheres of Influence to be reviewed and updated every five years, as necessary. Stanislaus LAFCO processes the Service Review and Sphere of Influence Updates concurrently to ensure efficient use of resources. The Sphere of Influence will delineate the service capability and expansion capacity of the agency, if applicable.

Service Review – County Service Area 4 – Bristol Glen (Salida Storm Drain) & County Service Area 10 – Salida

Authority

County Service Areas (CSAs) are dependent special districts, organized under Section 25210 et seq. of the Government Code, and may be established to provide a variety of extended services within a particular area.

Background

Special districts are local governments that are separate from cities and counties, yet provide public services such as fire protection, sewers, water, and street lighting. California has over 3,300 special districts, which provide over 30 different types of services. There are about 50 major types of special districts ranging from airports to fire protection to mosquito abatement to water conservation. Today, there are over 880 County Service Areas (CSAs) in California, and of that total, 22 CSAs are located within Stanislaus County.

Purpose

County Service Areas (CSAs) may be formed to provide governmental services and facilities within a specific area that the county is authorized to perform, and which the county does not also perform to the same extent on a countywide basis. These services and facilities may include, but are not limited to any of the following: extended police protection; fire protection; local park, recreation, or parkway facilities and services; water service; the collection, treatment, or disposal of sewage, wastewater, recycled water, and storm water; animal control; street and highway lighting; solid waste collection; ambulance service; funding for land use planning for part of the county; soil conservation and drainage control; services provided by a municipal advisory council; transportation services; geological hazard abatement; and road maintenance and improvement.

Governing Body

The governing body, which is established by law to administer the operation of a County Service Area (CSA), is the County Board of Supervisors. The original intent of the county service area law was to give an alternative method for providing governmental services by counties within unincorporated areas, many of which have had large population growth as well as commercial and industrial development since 1940.

Formation

At the time a County Service Area (CSA) is established, the Board of Supervisors specifies the type or types of services to be provided within the area. An application for formation of a CSA is then forwarded to LAFCO for consideration. Only those residents who benefit from services provided by the CSA pay for the services received. The funds collected for the CSAs are maintained in the County Treasury.

CSA 4 (Bristol Glen) was formed on October 23, 1989 to provide storm drain services to a subdivision in Salida. CSA 10 (Salida) was formed on November 8, 1990 to accommodate additional development in Salida with multiple services.

Location and Size

Currently, there are 22 County Service Areas (CSAs) in multiple areas throughout different unincorporated areas of the County, each serving a different community and varying in population.

CSA 4 (Bristol Glen) is located in the southern Salida area just northwest of the Bacon Road and Finney Road intersection and is approximately 32 acres in size. CSA 10 (Salida) is located within various locations within the Salida area and is approximately 726 acres in size. CSA 10 encompasses much of the newer developed areas of Salida.

Characteristics

Section 79505.5 of the California State Water Code defines a disadvantaged community as a community with an annual median household income (AMI) that is less than 80 percent of the statewide AMI. The community of Salida is not identified as a disadvantaged community.

Boundaries and Sphere of Influence

With regards to the boundaries of a County Service Area (CSA), the following territory may be included:

1. Contiguous or noncontiguous territory; and
2. Unincorporated or incorporated territory (incorporated territory may be included only if the city legislative body consents by resolution).

When formed, the Sphere of Influence of a CSA is coterminous with its boundaries, as the boundaries of a CSA reflect the relationship to the planned land uses in the area and the need for the services to be provided.

The boundary and sphere of influence of CSA 4 has not been modified since its formation in 1989. CSA 10's boundary and sphere of influence have expanded slightly since its original formation in 1990, with the most recent change occurring in 2012 to accommodate a 1-acre tentative map.

Stanislaus County recently reviewed the services and boundaries of the CSAs in the Salida area and has requested a reorganization of CSA 4 and CSA 10 in order to better align each CSA and the services they provide to the Salida area, including provision of storm drain services to the entire community. A Sphere of Influence modification has been included as part of the Stanislaus County's request, to maintain the coterminous boundaries and Sphere of Influence of each CSA.

Services

The Stanislaus County Public Works Department provides storm drain services to County Service Area (CSA) 4 and storm drain services, park services, streetscape and landscaping services for County Service Area (CSA) 10. The current LAFCO application, if and when it is approved, will keep park services, streetscape and landscaping services within the CSA 10 territory. CSA 4, will provide storm drain services to the entire community of Salida.

Funding Sources

The services provided by the County Service Areas (CSAs) are funded by property taxes and landowners of parcels within the territory through assessments. These funding sources will remain for each CSA, with an extension of the CSA 4 rate proposed to apply over the annexation area of the community of Salida.

CSAs are dependent districts, with the Stanislaus County Board of Supervisors serving as the governing body. Operations and maintenance of CSA 4 – Salida Storm Drain will be provided by the Stanislaus County Department of Public Works.

The annual budget process for CSAs within Stanislaus County begins with the Stanislaus County Public Works Department, which determines the estimated expenditures for a CSA based upon projected maintenance for the District(s).

The Auditor's-Controller's Office determines each CSAs estimated revenue based on projected revenue, which includes direct assessments and property taxes.

Current Proposal

The Stanislaus County Public Works Department recently completed an evaluation of services provided to Salida, the costs for these services, and a reorganization proposal to better match areas served with actual costs for services.

LAFCO has received an application from the Stanislaus County Public Works Department which proposes to include all of the current CSA 4 and CSA 10 territory along with the remaining areas of Salida into CSA 4. The territory will encompass the entire community of Salida and will total approximately 1,532 acres. As part of the proposal, Stanislaus County is requesting a divestiture of storm drain services from CSA 10, leaving CSA 4 as the sole district providing storm drain services for the entire community of Salida. The application also includes a request to detach territory identified as Sub-Area 7 (Landmark Business Park) from CSA 10. to the County has also approved a change in the name of CSA 4 from "Bristol Glen" to "Salida Storm Drain" to more easily identify it.

Service Review Determinations:

The following provides an analysis of the seven categories or components required by Section 56430 for a Service Review for the County Service Areas (CSAs) reviewed:

1. Growth and Population Projections for the Affected Area

Both existing County Service Area 4 (Bristol Glen) and County Service Area 10 (Salida) are already developed. The annexation area to CSA 4 proposed with the current application is also developed. If and when the proposed reorganization is approved, CSA 4 (to be known as Salida Storm Drain) will be comprised of the entire community of Salida which has a population of about 13,722.

According to the Stanislaus County 2015-2023 Housing Element, the town of Salida has the potential to add an estimated 4,361 dwelling units. The estimates are based on the Salida Community Plan that was approved in 2007 by the Stanislaus County Board of Supervisors. Any future development will likely need to annex into a CSA for public services. At this time, there are no plans for any major development within the Salida Community Plan area.

As mentioned previously, the territory within the proposed CSA 4 (Salida Storm Drain) boundary is already developed. Therefore, it is not expected that any significant population growth will occur as a result of this reorganization.

2. The Location and Characteristics of Any Disadvantaged, Unincorporated Communities Within or Contiguous to the Sphere of Influence.

Based on annual median household income, the area within the proposed CSA 4 Salida Storm Drain boundary is not identified as a Disadvantaged Unincorporated Community (DUC) as defined in Section 56033.5 of the Cortese-Knox-Hertzberg Act of 2000. No additional DUCs have been identified within or contiguous to the District's sphere of influence.

3. Present and Planned Capacity of Public Facilities and Adequacy of Public Services, Including Infrastructure Needs or Deficiencies Including needs or Deficiencies Related to Sewers, Municipal and Industrial Water, and Structural Fire Protection in Any Disadvantaged, Unincorporated Communities Within or Contiguous to the Sphere of Influence.

In 2002 and 2003, the Public Works Department completed a storm drain project that included curb, gutter, inlets, and collection pipelines to tie-in with the Salida-wide storm drain system. This work was completed along Broadway Avenue and Salida Boulevard in the non-CSA, original areas of Salida. While the initial construction was funded, there was no long-term maintenance costs arrangements.

Stanislaus County's proposal includes annexing the community of Salida into CSA 4. This would increase the number of assessment rate payers from 137 parcels to approximately 4,400 parcels. Annexation of the community into CSA 4 is intended to align revenues with actual services provided.

The proposal also includes a divestiture of storm drain services from CSA 10 to CSA 4. CSA 10 will continue to provide park services, streetscape and landscaping services. However, storm drain services will be provided solely by CSA 4.

CSAs do not provide sewer, municipal water, and fire protection services. These services are provided through other special districts throughout the County or by way of private systems.

4. Financial Ability of Agencies to Provide Services

Currently Stanislaus County is not receiving enough funding from parcels already within one of two storm drain CSAs in Salida and parts of Salida are receiving storm drain service without paying any assessments. Therefore, Stanislaus County is proposing an annexation of territory including the community of Salida into CSA 4 – Salida Storm Drain. The annexation will provide funding through assessments for maintaining the Salida Storm Drain system. The Stanislaus County Public Works Department adopted an updated Engineer's Report for CSA 4 and CSA 10. These reports provide a description of services and service area, budget, and assessment information for each CSA and are updated annually.

5. Status of, and Opportunities for, Shared Facilities

No opportunities for shared facilities have been identified. With the proposed reorganization, there will be no known overlapping or duplication of services within the Districts' boundaries.

6. Accountability for Community Service Needs, Including Governmental Structure and Operational Efficiencies

The County Service Areas are governed by the Stanislaus County Board of Supervisors. Adoption of Annual Engineer's Reports is carried out during a public hearing, allowing opportunity for public input.

7. Any Other Matter Related to Effective or Efficient Service Delivery, as Required by Commission Policy

Currently, County Service Area 4 and County Service Area 10 are currently providing storm drain services throughout various areas of Salida. The proposed application from Stanislaus County will provide storm drain services for the entire community of Salida and provide a more effective and efficient delivery of services and contiguous boundary.

Sphere of Influence Update for the County Service Area 4 – Bristol Glen (Salida Storm Drain)

In determining the Sphere of Influence (SOI) of each local agency, the Commission shall consider and prepare determinations with respect to each of the following factors pursuant to Government Code Section 56425:

1. The present and planned land uses in the area, including agricultural and open-space lands.
2. The present and probable need for public facilities and services in the area.
3. The present capacity of public facilities and adequacy of public services that the agency provides, or is authorized to provide.
4. The existence of any social or economic communities of interest in the area if the Commission determines they are relevant.
5. For an update of a sphere of influence of a city or special district that provides public facilities or services related to sewers, municipal and industrial water, or structural fire protection, the present and probable need for those public facilities and services of any disadvantaged unincorporated communities within the existing sphere of influence.

This document proposes to expand the County Service Area (CSA) 4 sphere of influence (SOI) by approximately 1,491 acres for a total of approximately 1,532 acres. The document also proposes to reduce the CSA 10 SOI by 40 acres to be coterminous with the proposed detachment of Sub-Area 7. The County intends to refer to the newly expanded CSA 4 as the “Salida Storm Drain” area. The sphere and boundary maps are attached to this document. The following determinations for the CSA 4(Salida Storm Drain) and CSA 10 (Salida) SOIs update and are made in conformance with Government Code §56425 and Commission policy.

Determinations:

1. The present and planned land uses in the area, including agricultural and open-space lands

A majority of the area within the proposed County Service Area (CSA) 4 (Salida Storm Drain) and CSA 10 (Salida) is already developed with residential, commercial, educational, recreational and industrial uses. The small number of undeveloped areas throughout the proposed boundary are currently planned for commercial type uses.

The County retains the responsibilities for land use decisions within the Salida area which includes the CSA 4 and CSA 10 boundaries.

2. The present and probable need for public facilities and services in the area

When development is approved in an unincorporated area within the County, the County requires the formation of a County Service Area (CSA) to provide extended services necessary to serve the land uses within the development boundaries. Only those residents who benefit from services provided by the CSA pay for them, which are funded through an assessment levied on all parcels within the CSA boundaries.

Currently, certain areas of the Salida Community are receiving storm drain services but not paying for the use and maintenance. The proposed CSA 4 (Salida Storm Drain) boundary will include all parcels benefiting from the service and provide a way for those parcels to pay their fair share.

The present and probable need for services within the current CSA is not expected to change. Any future development not within the boundary but requesting services from the CSA will require LAFCO approval.

3. The present capacity of public facilities and adequacy of public services that the agency provides, or is authorized to provide.

Stanislaus County is able to provide storm drain services to the proposed County Service Area (CSA) 4 – Salida Storm Drain area. In order to do so, the County will need all parcels receiving services to pay their fair share. The County is proposing a revised CSA 4 boundary which includes all of these parcels.

4. The existence of any social or economic communities of interest in the area if the Commission determines they are relevant.

The City of Modesto is considered to be a community of interest, due to the City's close proximity to the Salida community. Although the City's Sphere of Influence (SOI) and proposed Community Service Area (CSA) 4 – Salida Storm Drain SOI do not overlap, they are directly adjacent to one another.

Staff has not identified any additional social or economic communities of interests in the area relevant to the Commission or the proposed CSA 4 boundary.

5. For an update of a sphere of influence of a city or special district that provides public facilities or services related to sewers, municipal and industrial water, or structural fire protection, the present and probable need for those public facilities and services of any disadvantaged unincorporated communities within the existing sphere of influence.

County Service Areas, including CSA 4(Salida Storm Drain), do not provide sewer, municipal water, and fire protection services. These services are provided through other special districts throughout the County or by way of private systems.

County of Stanislaus, State of California

CSA NO. 4 – SALIDA STORM DRAIN

This report describes the CSA and all relevant zones therein including the budget(s), parcels and assessments to be levied for the Fiscal Year 2020-2021 Reference is hereby made to the Stanislaus County Assessor's maps for a detailed description of the lines and dimensions of parcels within the County Service Area (CSA).

The undersigned respectfully submits the enclosed report as directed by the Board of Supervisors.

Dated this 14th day of April, 2020

DAVID A. LEAMON, DIRECTOR, PE, MPA
Stanislaus County Department of Public Works

COUNTY SERVICE AREA NO. 4 ANNUAL ENGINEER'S REPORT FISCAL YEAR 2020-2021

INTRODUCTION:

County Service Area No. 4 (CSA 4) was established in October 1989 to provide extended maintenance to the storm drain system within the Bristol Glen subdivision. In 2020, the existing CSA 10 parcels, and the remaining community of Salida is proposed to be annexed into CSA 4 to include all of the areas in the community that contribute to the storm drain system. This process takes LAFCO approval. This Engineer's Report is a part of the LAFCO proceedings and necessary prior to LAFCO action. The final Engineer's Report will be brought back to the Board of Supervisors after the LAFCO proceedings. This provides every property in CSA 4 benefits from the maintenance services provided by Public Works, while each property owner pays their fair share.

PART I - PLANS AND SPECIFICATIONS

A. Description of the service area

CSA 4 consists of 4,443 parcels, Assessor map attached hereto as Exhibit "B", within the Salida Storm Drain service area. These parcels encompass an area of land totaling approximately 1,532 acres. The boundary of CSA 4 is shown on Exhibit "A" that is attached hereto and made a part of this Engineer's Report. The service area is generally located:

West of State Route 99:

- North of Bacon Road
- East of Toomes Road

East of State Route 99

- South of Modesto Irrigation District Lateral No.6
- West of Sisk Road (north of Kiernan Avenue/State Route 219)
- West of Stoddard Road (south of Kiernan Avenue/State Route 219)
- North of Pelandale Avenue

B. Description of Improvements and Services

The purpose of this CSA is to ensure the ongoing maintenance, operation, and servicing of the storm drain system. The special benefit assessments to be levied for this CSA are intended to provide a revenue source for all the maintenance and servicing of the service area's improvements including, but not limited to: materials, equipment, labor, and administrative expenses. However, the assessments are not intended to fund reconstruction or major renovations of the improvements and facilities. The maintenance, operation, and servicing of the storm drain system are funded entirely or partially through the service area assessments and generally described as:

- Periodic cleaning and maintenance (as needed) on 1,311 linear feet of 12-inch pipe, 42,588 linear feet of 18-inch pipe, 12,154 linear feet of 24-inch pipe, 3,201 of 30-inch pipe, 2,494 linear feet of 36-inch pipe, 870 linear feet of 42-inch pipe, 2,494 linear feet of 36-inch pipe, 870 linear feet of 42-inch pipe, 6,865 linear feet of 48-inch pipe, 390 linear feet of 60-inch pipe, and 329 linear feet of 64-inch

pipe;

- Bristol Glen has one (2) 20 hp pumps;
- North Pond has three (3) 70 hp pumps and two (2) 10 hp pumps;
- South Pond has two (2) 50 hp pumps;
- Landmark has two (2) 7.5 hp pumps;
- Periodic cleaning and maintenance of 580 catch basins;
- Repair curb and gutter as needed to maintain the storm drain system (385,386 linear feet of curb and gutter);
- Periodic street sweeping to prevent buildup of silt and other damaging materials to the storm drain system. All debris is contained and hauled offsite with containment bins;
- Annual repairs and general maintenance of storm drain basins (erosion control, weed spraying, grading/excavation as needed);
- Remove silt build up next to the wall of the separator with the use of the suction truck.

PART II - METHOD OF APPORTIONMENT

A. Benefit Analysis

The method of apportionment described in this report for allocation of special benefit assessments utilizes commonly accepted engineering practices. The formula used for calculating assessments for the CSA reflects the composition of the parcels and improvements provided to fairly apportion the costs based on special benefits to each parcel. Furthermore, pursuant to the Constitution Article XIID Section 4, a parcel's assessment may not exceed the reasonable cost of the proportional special benefit conferred on that parcel and a parcel may only be assessed for special benefits received.

All the improvements and services associated with the CSA have been identified as necessary, required and/or desired for the orderly development of the properties within the CSA to their full potential and consistent with the proposed development plans. As such, these improvements would be necessary and required of individual property owners for the development of such properties and the ongoing operation, servicing, and maintenance of the improvements and facilities would be the financial obligation of those properties. Therefore, the storm drain facilities and the infrastructure, and the annual costs of ensuring the maintenance and operation of these improvements provide special benefits to the properties within the CSA.

Each parcel receives equal benefit from the extended storm drainage. The extended storm drainage only provides a special benefit to the parcels within CSA 4; therefore, no general

benefit has been assigned.

B. Assessment Methodology

The method of apportionment for the CSA calculates the receipt of special benefits from the respective improvements based on the actual or the proposed land use of the parcels within the CSA. The special benefit received by each lot or parcel is equated to the overall land use of the parcels within the CSA based on the parcel's actual land use or proposed development.

Upon review of the proposed improvements it has been determined that each of the parcels within the CSA receives special benefits from all the improvements to be funded by annual assessments. Based on the planned property development a single zone of benefits is appropriate for the allocation of the assessments and proportional benefit. The parcels within the CSA may be identified by one of the following land use classifications and are assigned a weighting factor known as Equivalent Benefit Unit (EBU). The EBU calculated for a specific parcel defines the parcel's proportional special benefits from the CSA's improvements, facilities and services.

Equivalent Benefit Units (EBU):

To assess benefits equitably it is necessary to relate each property's proportional special benefits to the special benefits of all other property in the CSA. The EBU method of apportioning assessments uses the single-family home site as the basic unit of assessment. A single-family home site equals one EBU. All other land uses are converted to EBU's based on an assessment formula that equates the property's specific development status, type of development (land use) and size of property, as compared to a single-family home site.

The EBU method of apportioning special benefits is typically seen as the most appropriate and equitable assessment methodology, as the benefits to each parcel from the improvements are apportioned as a function of land use type, size and development. Not all land use types described in the following are necessarily applicable to the development of properties within the CSA but are presented for comparison purposes to support the proportional special benefit applied to those land use types within the CSA.

EBU Application by Land Use:

Single Family Residential- This land use is defined as a fully subdivided residential home site with or without structure. This land use is assessed 1.00 EBU per parcel or lot. This is the base value that all other properties are compared and weighted against.

Multi-family Residential- This land use is defined as a fully subdivided residential parcel that has more than one residential unit developed on the property; typically includes apartments, duplexes, triplex etc. (It does not typically include condominiums, town-homes, or mobile home parks). Based on average population densities and the size of the structure as compared to a typical single-family residential unit, multi-family residential parcels shall be proportionally assessed for the parcel's total number of residential units utilizing a sliding benefit scale. Although multi-family properties typically receive similar benefits to that of a single family residential, it would not be reasonable to conclude that on a per unit basis, the benefits are equal. Studies have consistently shown that the average multi-family unit

impacts infrastructure approximately 75% as much as a single-family residence (sample sources: Institute of Transportation Engineers Informational Report Trip Generation, Fifth Edition; Metcalf and Eddy, Wastewater Engineering Treatment, Disposal, Reuse, Third Addition). These various studies indicate the most public improvements and infrastructure are utilized and impacted at reduced levels by multi-family residential units and a similar reduction in proportional benefit is appropriate. Furthermore, it is also reasonable to conclude that as the density (number of units) increases; the proportional benefit per unit tends to decline because the unit size and people per unit usually decreases. Based on these considerations and the improvements provided by the CSA, it has been determined that an appropriate allocation of special benefit for multifamily residential properties as compared to a single family residential is best represented by the following special benefit assignment: 0.75 EBU per unit for the first 5 units; 0.50 EBU per unit for units 6 through 50: and 0.25 EBU per unit for all remaining units

Condominium/Town-Home Units- Condominiums and town-homes tend to share attributes of both a single family residential and multi-family residential properties and for this reason are identified as a separate land use classification. Like most single-family residential properties, these properties are not usually considered rental property and generally the County assigns each unit a separate APN or assessment number. However, condominiums and town homes often have similarities to multi-family residential properties in that they are generally zoned medium to high density and in some cases, may involve multiple units on a single APN. In consideration of these factors it has been determined that an appropriate allocation of special benefit for condominiums, town-homes and similar residential properties is best represented by an assignment of 0.75 EBU per unit regardless of whether each unit is assigned an individual APN or there are multiple units assigned to the APN. There is not an adjustment factor for parcels with more than five units.

Planned-Residential Development- This land use is defined as any property for which a tentative or final tract map has been filed and approved (a specific number of residential lots and units has been identified) and the property is expected to be subdivided within the fiscal year or is part of the overall improvement and development plan for the CSA. This land use classification often involves more than a single parcel (e.g. the approved tract map encompasses more than a single APN). Each parcel that is part of the approved tract map shall be assessed proportionally for the proposed or estimated residential type and units to be developed on that parcel as part of the approved tract map. Accordingly, each parcel is assigned an appropriate number of benefit units that reflects the development of that property at build-out (the EBU assigned to each parcel shall represent the combination of single family, condominium, multifamily units to be developed).

Exempt Parcels- This land use identifies properties that are not assessed and are assigned 0.00 EBU. This land use classification may include but is not limited to:

- Lots or parcels identified as public streets and other roadways (typically not assigned an APN by the County);
- Dedicated public easements including open space areas, utility rights-of-way, greenbelts or other publicly owned properties that are part of the CSA improvements or that have little or no improvement value;
- Private properties that cannot be developed independently for an adjacent property, such as common areas, sliver parcels or bifurcated lots or properties with very

restrictive development use

These types of parcels are considered to receive little or no benefit from the improvements and are therefore exempted from assessment.

Special Cases- in many CSA's where multiple land use classifications are involved; there are usually one or more properties that the standard land use classifications or usual calculation of benefit will not accurately identify the special benefits received from the improvements. For example, a parcel may be identified as a vacant residential property, however only a small percentage of the parcel's total acreage can be developed. In this case, an appropriate calculation would be based on the net acreage that can be utilized rather than the gross acreage of the parcel. The following table provides a summary of land use types, the EBU factors used to calculate each parcel's individual EBU as outlined above.

Land use and Equivalent benefit units

Property type	EBU	Multiplier
Single Family Residential	1.00	Per unit/lot (parcel)
Multi-Family Residential	0.75	Per unit for the first 5 units
	0.50	Per unit for units 6 thru 50
	0.25	Per units > 50
Condominium/Town- Home Units	0.75	Per Unit
Planned Residential Development	1.00	Per planned Residential lot
	0.75	Per planned Condominium
	0.75	Per unit for the first 5 units
	0.50	Per unit for units 6-50
	0.25	Per unit >50
Vacant Residential Land	1.00	Per Acre
Public park	0.40	Per Acre
Public Storm Drain Basin	0.40	Per Acre
Public School	2.20	Per Acre
Commercial/Industrial Parcel Developed	3.50	Per Acre
Commercial/Industrial Parcel Undeveloped	1.00	Per Acre
Public Property	0.40	Per Acre
Exempt Parcels	0.00	Per parcel

The following formula is used to calculate each parcel's EBU (proportional benefit):

$$\text{Parcel Type EBU} \times \text{Acres or Units} = \text{Parcel EBU}$$

The total number of EBU's is the sum of all individual EBU's applied to parcels that receive special benefit from the improvements. An assessment amount per EBU (assessment rate) for the improvements is established by taking the total cost of the improvements and dividing the amount by the total number of EBU's of all benefiting parcels from the improvements. The rate is then applied back to each parcel's individual EBU to determine the parcel's proportionate benefit and assessment obligation for the improvements.

$$\text{Total Balance to Levy} / \text{Total EBU's} = \text{Levy per EBU}$$

Levy per EBU x Parcel EBU = Parcel Levy Amount

The annual assessment calculated using the Method is proportional to the special benefit derived by each identified parcel in relationship to the cost of the service being provided by the CSA. Due to variation in the type of parcel use, each parcel benefits differently in the services provided. Therefore, the total cost to operate the CSA is based on the above method to determine the annual assessment for each parcel in the CSA. This method is proposed in order to support an equitable spread of assessments between residential lots, public properties, and developed commercial and industrial properties. The annual assessment is levied without regard to property valuation.

Total Equivalent Benefit Units by Property Type - CSA No. 4

PROPERTY TYPE (acres/parcels/units x EBU factor)	TOTAL EQUIVALENT BENEFIT UNIT (E.B.U.)
Undeveloped Residential (0 parcel x 0) acres)	0.00
Undeveloped Commercial (51.43 acres x 1)	51.43
Vacant Residential (4.03 acres x 1)	4.03
Developed Residential (3994 parcels x 1)	3,994.00
Multi-Family Residential (153 units x 0.75)	114.75
Commercial / Industrial Parcel Developed (313.54 acres x 3.5)	1,096.98
Storm Water Basin (35.85 acres x 0.40)	14.34
Park (22.26 acres x 0.40)	8.90
Public School (33.38 acres x 2.2)	73.43
Public Properties (15.70 acres x 0.4)	6.28

PART III - BUDGET ANALYSIS

A. Fund Balance

It is estimated there will be a fund balance on June 30, 2020, of \$239,532. This amount has been generated to have funds available for future capital improvements in the storm drain system and the repair/replacement of the existing pumps at the storm drain basins. It is estimated that the pump replacement costs total \$120,000 for labor and materials. CSA 4's storm drain system contains total of eleven (11) water pumps ranging from 7.5 to 70 horsepower (hp). To replace pumps at the end of their useful life or make significant repairs on a 10-year cycle for pumps, a capital reserve target of \$ 367,940 has been determined sufficient. This includes the direct material costs for the pumps and the labor required to complete the installation. The objective of the reserve is to build up the reserve amount to cover unexpected expenses, unplanned and planned the cost of pump repairs and replacements.

If expenses for the fiscal year are less than the budgeted amount, the remaining amount will be added to fund balance to offset future operating costs. This fiscal approach allows funds

to accumulate in reserves to help offset costs by the time a pump needs replacement or significant repairs. Additionally, this minimizes an increase, if any, in the annual assessment to cover these repair or replacement costs.

The threat to stormwater quality comes from the urbanized areas within the County, which the CSA's encompass. The County is mandated by the State Water Resources Control Board, Water Quality Order No. 2013-0001-DWQ to regulate stormwater within these urbanized areas. The CSA's receive additional services above the General Benefit for the following permit areas: Education and Outreach (E.7), Public Involvement and Participation Program (E.8), Illicit Discharge Detection and Elimination Program (E.9), Post-Construction Stormwater Management Program (E.12), Water Quality Monitoring (E.13), Program Effectiveness Assessment and Improvement (E.14), Total Maximum Daily Loads Compliance Requirements (E.15) and the Annual Reporting Program (E.16).

The fee structure to implement the state requirements has not been determined for Fiscal Year 2020-2021. An estimated annual fee of \$5 per parcel is included in this year's budget. Any surplus or shortfall will be adjusted in future calculations.

The assessment rate for Fiscal Year 2020-2021 is \$31.38 per EBU, which is no change from the assessment rate of Fiscal Year 2019-2020. The proposed budget includes the use of \$79,614 existing fund balance (Fund 1807) to offset operating costs, thereby keeping the annual assessment unchanged.

The fiscal year is the 12-month period from July 1st through June 30th of the following year. The annual assessment is received with property taxes collected in December and April. This means the fiscal year starts on July 1st but the first installment of the annual assessment will not be collected until December, creating a 6-month lag in receiving the money necessary to maintain the various services provided. Therefore, a reserve of \$123,970, one half of the annual operating budget, will be carried forward from available fund balance to cover costs from July 1st to December 31st.

As a result of the annexation this fiscal year, an estimated one-time transfer of \$183,616 from the CSA 10 Public Works fund balance (Fund 1813) and an estimated one-time transfer of the CSA 10 Administration fund balance (Fund 1816) are included in the CSA 4 budget for Fiscal Year 2020-2021 to reconcile the previous years' assessments in CSA 10 for the purposes to fund the appropriations associated with maintaining the additional storm drainage services in the area annexed to CSA 4.

The continued use of fund balance to offset the cost of operating the CSA will eventually deplete fund balance to a point where services will have to be reduced to align with revenue being collected, or a ballot measure to increase the assessment, per Proposition 218, will have to be conducted and approved by the parcel owners within the CSA.

B. Budget Formula

The method that is being used to calculate the assessment is the total cost to operate and maintain the storm drain system, less the use of fund balance, divided equally by the number of parcels within CSA 4. This is the same method that has been used since CSA 4 was formed.

$$\frac{\text{Total Cost of Operations \& Maintenance-Use of Fund Balance}}{\text{Total EBUs}} =$$

$$= \text{Assessment per EBU}$$

PART IV - SERVICE AREA BUDGET

Levy EBU	\$ 31.38
Capital Reserve Target	\$ 367,940

PART V - ASSESSMENTS

2020-2021 Assessment = $\$168,327.69 / 5,364.14 \text{ EBU} = \31.38 per EBU

2019-2020 Assessment = $\$4,275 / 136.24 \text{ parcels} = \31.38 per parcel

CSA 4 is expected to have a fund balance of \$239,532 on June 30, 2020. Included in the fund balance is a capital reserve of \$123,970 for pump replacement. Of the \$119,532 fund balance remaining, \$79,614 will be used to offset a portion of the operations and maintenance costs, thereby keeping the assessment equal to the previous year.

Proposition 218 took effect on July 1, 1997 and requires an assessment ballot procedure to increase the assessment. Since there is no increase in the annual assessment, the Fiscal Year 2020-2021 assessment is in compliance with Proposition 218.

The parcels subject to the assessment are listed on Exhibit "D" that is attached hereto and made a part of this Engineer's Report.

EXHIBIT A – BOUNDARY MAP

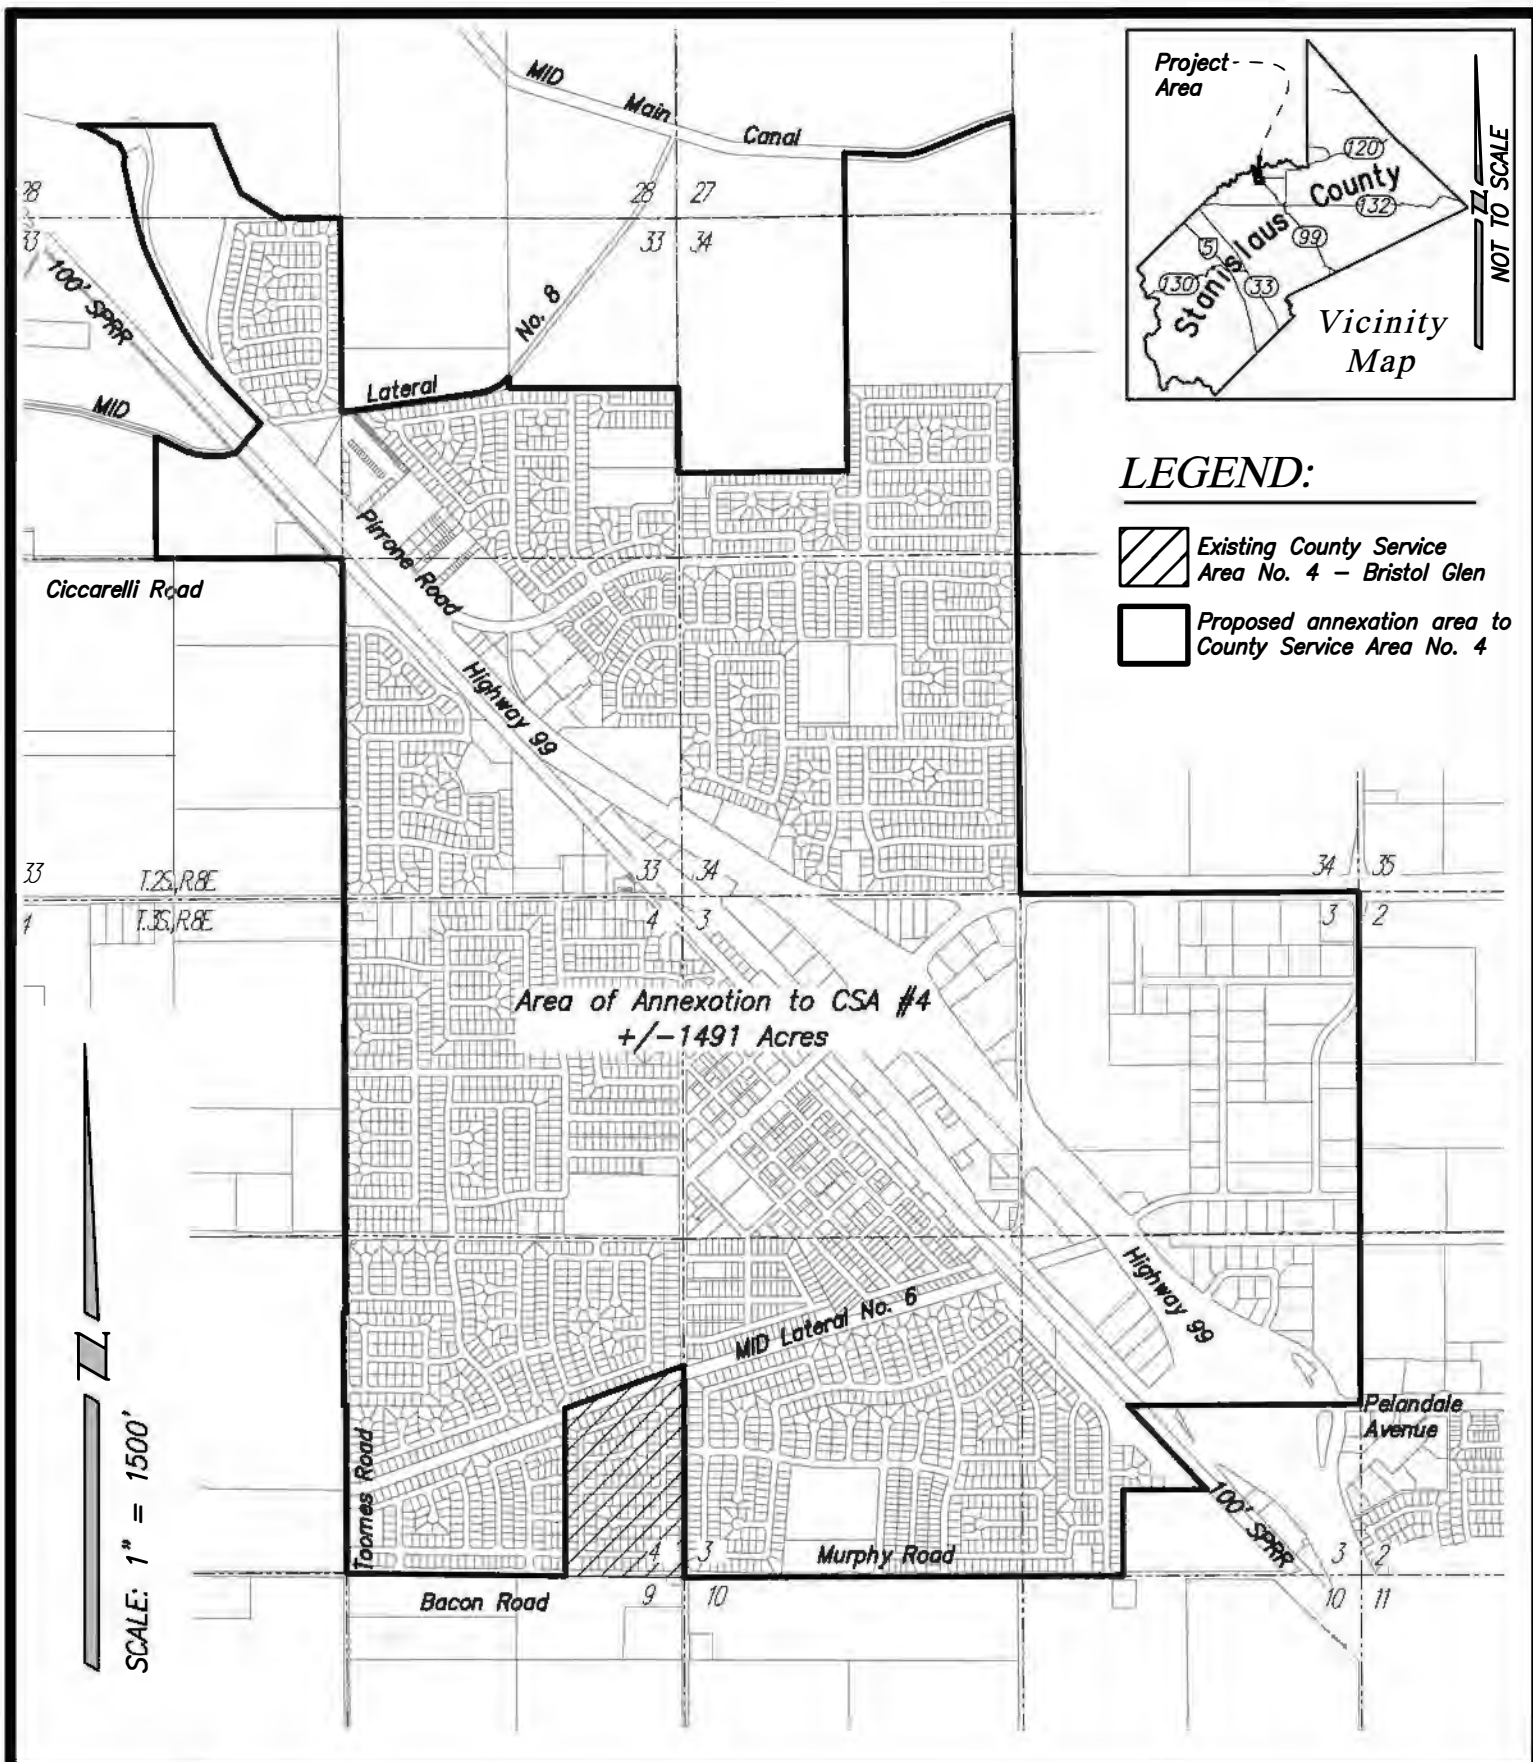

EXHIBIT "A" – Boundary Map **County Service Area No. 4 Salida Storm Drain**

DR. BY:	C. JOHNSON
PROJECT:	000010

EXHIBIT "A"

County Service Area No. 4 Salida Storm Drain

All that certain real property being situate in a portion of Sections 27, 28, 33 and 34 in Township 2 South, Range 8 East and a portion of Sections 3 and 4 in Township 3 South, Range 8 East, Mount Diablo Meridian, County of Stanislaus, State of California, more particularly described as follows:

Beginning at the Southeast corner of said Section 4, said corner also being the southeast corner of existing "County Service Area (CSA) No. 4 – Bristol Glen"; thence along the described boundary of said "CSA No. 4", the following three courses:

- 1) North 00°10'52" West along the centerline of Finney road and the east line of Section 4, a distance of 1655.74 feet;
- 2) thence South 70°08'57" West along the north line of M.I.D. Lateral No. 6, a distance of 987.53 feet;
- 3) thence South 00°13'13" East along the east line of the Wise property described in the deed recorded in Vol. 1264, Official Records, Pg. 293, Stanislaus County Records, a distance of 1308.71 feet to the southeast corner of "CSA No. 10, Sub-Area 5"; thence along the south and west lines of said "CSA 10, Sub-Area No. 5", the following three courses:
 - 4) North 89°16'43" West along the south line of said Section 4, a distance of 1708.86 feet;
 - 5) thence North 00°13'18" West along the north-south quarter section line of said Section 4, a distance of 1310.45 feet, to a point on the south line of "Astoria Sound Reorganization to the Salida Sanitary District & CSA #10"; thence along the south, west and north lines of said "Astoria Sound Reorganization", the following three courses:
 - 6) South 89°46'42" West 20.00 feet to a point on a line 20.00 feet west of and parallel with the centerline of Toomes Road and the north-south quarter line of said Section 4;
 - 7) thence North 00°13'18" West, on said line, a distance of 721.93 feet;
 - 8) thence North 89°46'42" East 20.00 feet to a point on the west line of said "CSA 10, Sub-Area No. 5";
 - 9) thence North 00°13'18" West, along said west line, a distance of 604.41 feet to the northwest corner of said "CSA 10, Sub-Area No. 5" and the centerline of Covert Road;
 - 10) thence North 00°12'46" West, along said north-south quarter section line, a distance of 1288.42 feet to the southwest corner of "CSA 10, Sub-Area No. 6";
 - 11) thence North 00°12'46" West, along the west line of said "CSA 10, Sub-Area no. 6", a distance of 680.96 feet to the northwest corner of said "CSA 10, Sub-Area No. 6";
 - 12) thence North 00°12'46" West along said north-south quarter section line, a distance of 663.40 feet to the south 1/4 corner of Section 33 and the southwest corner of "CSA No. 10, Sub-Area No. 3";
 - 13) thence along the west line of said "CSA 10, Sub-area no. 3" and the north-south centerline of said Section 33, North 00°19'36" West 2596.62 feet to the southwesterly right-of-way line of the Southern Pacific Railroad Company;
 - 14) thence North 00°19'36" West 59.34 feet to the interior 1/4 corner of said Section 33;
 - 15) thence South 89°50'57" West, along the east-west 1/4 section line of said Section 33,

- a distance of 1453.45 feet;
- 16) thence North 00°19'21" West 947.67 feet to a point on the south line of MID Lateral No. 8;
thence along the said south line, the following five courses:
 - 17) South 68°18'33" East 53.53 feet;
 - 18) thence South 64°34'55" East 198.28 feet to a point of curvature, concave to the north, having a radius of 367.20 feet, from which a radial line to the center bears North 25°25'05" East;
 - 19) thence southeasterly along the arc of said curve, through a central angle of 19° 55'11",
an arc distance of 127.66 feet;
 - 20) thence South 84°29'32" East 91.46 feet to a point of curvature, concave to the north, having a radius of 373.52 feet, from which a radial line to the center bears North 05°08'01" East;
 - 21) thence easterly along the arc of said curve, through a central angle of 29°26'09", an arc distance of 191.90 feet; to a point on the southwest ROW line of 100 foot wide U.P.R.R.;
 - 22) thence North 40°20'29" East 296.03 feet to the southwest right-of-way line of 88 foot wide Pirrone Road and the southwest corner of "Pirrone Road No. 1 Change of Organization (Annexation) to County Service Area No. 10";
 - 23) thence along the west line of said "Pirrone Road No. 1", and along said right-of-way line,
North 43°07'09" West 318.05 feet to a point on the west boundary of "CSA 10, Sub-Area No. 2";
thence along said west boundary, also being the easterly right-of-way line of State Route 99, a highway, the following nine courses;
 - 24) North 43°07'09" West 107.20 feet to a point of curvature, concave to the northeast, having a radius of 2230.00 feet, from which a radial line to the center bears North 46°52'37" East;
 - 25) thence northwesterly, along the arc of said curve, through a central angle of 17°11'36" an arc distance of 669.18 feet;
 - 26) thence North 25°55'42" West 384.45 feet to a point of curvature concave to the east, having a radius of 1935.00 feet, from which a radial line to the center bears North 64°14'15" East;
 - 27) thence northerly along the arc of said curve, through a central angle of 12°09'39",
an arc distance of 410.70 feet;
 - 28) thence North 12°36'25" West 438.75 feet;
 - 29) thence North 06°54'56" East 73.02 feet;
 - 30) thence North 26°56'54" West 100.00 feet;
 - 31) thence North 69°42'19" West 65.02 feet to a point of curvature, non-tangent to the preceding course, concave to the southwest, having a radius of 565.00 feet, from which a radial line to the center bears South 40°33'16" West;
 - 32) thence northwesterly along the arc of said curve, through a central angle of 28°28'25",
an arc distance of 280.78 feet to the northerly line of a parcel of land conveyed to Joe and Helen Trombetta as recorded in book 3243 at Page 70 of the official Records of said County; thence along the northerly and easterly lines of said Trombetta Parcel and said
"CSA 10, Sub-Area No. 2", the following five courses:
 - 33) South 89°59'36" East 1042.86.00 feet;
 - 34) thence South 20°29'36" East 156.31 feet;
 - 35) thence South 23°14'36" East 415.14 feet;
 - 36) thence South 57°43'19" East 366.20 feet to the south line of said Section 28; thence along the northerly and easterly lines of said "CSA 10, Sub-Area No. 2", the following two courses;

- 37) South 89°56'36" East 468.34 feet along the south line of said Section 28 to the north 1/4 corner of said Section 33;
- 38) thence South 00°19'42" East along the north-south centerline of said Section 33, a distance of 1515.17 feet, to the centerline of the Modesto Irrigation District Lateral No. 8, said point being the northwest corner of "CSA 10, Sub-Area No. 1"; thence along the north line of said "CSA 10, Sub-Area No. 1", the following five courses:
- 39) North 82°04'04" East 1082.55 feet to a point of curvature, concave to the northwest, having a radius of 402.18 feet, from which a radial line to the center bears North 07°52'57" West;
- 40) thence along the arc of said curve, through a central angle of 39°02'43" an arc distance of 274.07 feet to the north-south quarter-quarter line of said Section 33 as shown in said Book 42 of Parcel Maps, at Page 67;
- 41) thence South 00°30'04" East 84.91 feet along said quarter-quarter line to the northeast corner of Parcel 1 of said Book 42 of Parcel Maps, at Page 66; thence along the north line of Parcel 1 and the north and East lines of the Remainder Parcel of said Book 42 of Parcel Maps, at Page 66, the following two courses:
- 42) North 89°57'51" East 1316.58 feet;
- 43) thence South 00°29'59" East 661.62 feet to the northwest corner of "Park View Estates Annexation to County Service Area 10";
- 44) Thence North 89°22'46" East, along the north line of said "Park View Estates Annexation", 217.00 feet to a point on the north line of said "CSA 10, Sub-Area No. 1"; thence along the north line of said "CSA 10, Sub-Area No. 1", the following two courses:
- 45) North 88°22'46" East 1102.26 feet;
- 46) thence North 00°31'46" West, along the westerly boundary of said Parcel A of Book 4 of Parcel Maps, at page 63, a distance of 663.98 feet;
- 47) thence departing the north line of said "CSA 10, Sub-Area No. 1" and continuing on the bearing North 00°31'46" West 1325.09 feet to the north line of said Section 34;
- 48) thence North 00°40'09" West 494.48 feet to the south line of MID Main Canal; thence along the south line of said Main Canal the following five courses;
- 49) South 87°34'43" East 413.47 feet to a point of curvature, concave to the north, having a radius of 510.00 feet, from which a radial line to the center bears North 02°25'17" East;
- 50) thence easterly along the arc of said curve, through a central angle of 24°53'42", an arc distance of 221.59 feet;
- 51) thence North 67°31'35" East 521.23 feet to a point of curvature, concave to the southeast, having a radius of 820.00 feet, from which a radial line to the center bears South 22°28'25" East;
- 52) thence northeasterly along the arc of said curve, through a central angle of 06°02'42", an arc distance of 86.51 feet;
- 53) thence North 73°34'17" East 126.93 feet to a point on the north-south 1/4 Section line of said Section 27;
- 54) thence departing said south line and bearing South 00°42'29" East along said 1/4 section line, 760.99 feet to the north 1/4 corner of Section 34;
- 55) thence South 00°33'28" East along the north-south 1/4 section line of said Section 34, a distance of 1326.68 feet to the northeast corner of said "CSA 10, Sub-Area No. 1";

- 56) thence South 00°33'30" East along said north-south quarter section line and the east line and southerly projection of said "CSA 10, Sub-Area No. 1", 1328.15 feet to interior 1/4 corner of said Section 34 also being a point on the east boundary of said "CSA 10, Sub-Area No. 1";
- 57) thence South 00°33'24" East along the north-south 1/4 section line of said Section 34 and the east boundary of said "CSA 10, Sub-Area No. 1", a distance of 1336.71 feet to a point on the intersection of the north-south 1/4 section line of said Section 34 and the easterly projection of the southerly line of Parcel 1 as shown in Book 38, at Page 70, of the Parcel Maps of said County;
- 58) thence departing the boundary of said "CSA 10, Sub-Area No. 1" and bearing South 00°33'26" East along the north-south 1/4 section line of said Section 34, a distance of 1318.07 feet to the north 1/4 corner of Section 3, Township 3 South, Range 8 East, M.D.M.;
- 59) thence North 89°34'59" East along the north line of said Section 3, a distance of 2641.84 feet to the northeast corner of said section 3;
- 60) thence South 00°13'39" East along east line of said Section 3, a distance of 1334.53 feet to the northeast corner of "CSA 10, Sub-Area no. 7";
- 61) thence South 00°13'39" East 1334.93 feet along the east line of said "CSA 10, Sub-Area no. 7" also being the east line of said Section 3, to the east 1/4 corner thereof, as shown in said Book 40 of Parcel Maps at Page 80;
- 62) thence South 00°14'06" East continuing along said east section line, 1333.82 feet to the east-west 1/4 1/4 section line in the southeast 1/4 of said Section 3;
- 63) thence South 89°39'07" West along said 1/4-1/4 section line, 1817.52 feet to the southwest right-of-way line of said Southern Pacific Railroad and being a point on the northeast boundary of "CSA 10, Sub-Area No. 4"; thence along the northeast, east and south boundary of said "CSA 10, Sub-Area No. 4" the following 5 courses;
- 64) South 43°08'03" East 898.38 feet, to the northeast corner of that certain parcel of land described in Instrument No. 88-029041 of the records of said County, and shown in Book 18 of Surveys, at Page 50, Stanislaus County Records;
- 65) thence along the northerly line of said Book 18 of Surveys, at page 50 South 89°44'12" West 652.65 feet;
- 66) thence South 00°07'42" East along the westerly line of said Book 18 of Surveys, at page 50, a distance of 671.50 feet to the south line of Section 3;
- 67) thence South 89°46'27" West along said south line of Section 3, a distance of 784.40 feet to the south 1/4 corner of said Section 3;
- 68) thence South 89°46'52" West along said south line of Section 3, a distance of 2644.18 feet as shown in said Book 2 of Surveys, at Page 61, to the southwest corner of said Section 3, also being the Southeast corner of said "County Service Area No. 4 – Bristol Glen" and the Point of Beginning.

ENGINEER'S REPORT AFFIDAVIT

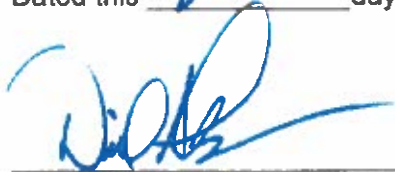

County of Stanislaus, State of California

CSA NO. 10 – SALIDA

This report describes the CSA and all relevant zones therein including the budget(s), parcels and assessments to be levied for the Fiscal Year 2020-2021. Reference is hereby made to the Stanislaus County Assessor's maps for a detailed description of the lines and dimensions of parcels within the County Service Area (CSA).

The undersigned respectfully submits the enclosed report as directed by the Board of Supervisors.

Dated this 2nd day of December, 2020

DAVID A. LEAMON, DIRECTOR, PE, MPA
Stanislaus County Department of Public Works

**COUNTY SERVICE AREA NO. 10
ANNUAL ENGINEER'S REPORT
FISCAL YEAR 2021-2022**

INTRODUCTION:

The purpose of this Engineer's Report is to identify CSA 10 Salida's services and service territory should the Local Agency Formation Commission (LAFCO) approve the divestment of storm drain maintenance services from CSA 10 and the subsequent transfer of those services to CSA 4. Included also in the changes would be the detachment of territory known as the Landmark Business Center from CSA 10 and its annexation into CSA 4.

County Service Area No. 10 (CSA 10) was established in October 1990, to provide extended governmental services for sheriff and library services, parks, streetscape, and storm drain maintenance for the benefit of parcels within CSA 10. At this time, no extended library or sheriff services are provided. Sheriff services were removed in Fiscal Year 2009-2010 due to the general benefit level of service having increased to match or exceed the CSA 10 agreed upon level of service. Stanislaus County has previously levied assessments on the real property within CSA 10 for the purpose of providing these extended governmental services. CSA 10 was formed, and the levies are made pursuant to the *County Service Area Law (Government Code, Section 25210.1 et seq.)*. The boundary of CSA 10 is shown on Exhibit A that is attached hereto and made a part of this Engineer's Report.

Government Code Section 25210 et seq. requires that the board adapt an annual budget and assessments provided on the written report containing a description of each parcel of real property receiving the extended service.

Effect of Proposition 218

On November 5, 1996, California voters approved Proposition 218 which added Articles XIII C and XIII D to the California Constitution, and which adds substantive and procedural requirements that affect CSA 10 assessments.

Proposition 218 requires a ballot procedure and a simple majority approval of any proposed increase in assessments by the property owners within the CSA.

PART I – PLANS AND SPECIFICATIONS

A. Description of the service area

If detachment of Landmark Business Park (Sub-Area 7) from CSA No. 10 and divestiture of storm drain services from CSA No. 10 is approved by LAFCO, the Landmark Business Center will detach from CSA 10, and all 22 parcels will be annexed into CSA 4. CSA 10 will then consists of 2,852 total parcels, including: 2,702 residential parcels, 6 undeveloped commercial parcels, 130 developed commercial/industrial parcels, 13 public parcels, and 1 exempt parcel. The boundary of CSA 10 is shown on Exhibit "A" that is attached hereto and made a part of this Engineer's Report. CSA 10 generally encompasses the area of Salida including the following residential and commercial developments:

- Astoria Sound
- Country View Estates Unit 1& 2
- Countrystone Units 2,3 & 4
- Fattoria Manor
- Glenwood Place
- Gold Valley
- Murphy's Landing Units 1,2,3&4
- Parkhaven Place 1 & 2
- Parkside Plaza Unit 2
- Salida Secured Self Storage (PI 16)
- Planned Industrial #19
- Planned Industrial #21
- Planned Development #257
- Planned Development #258
- Planned Development #260
- Planned Development #267
- Planned Development #279
- Planned Development #287
- Planned Development #295
- Pirrone Estates
- Salida Haciendas Units 1,2,3, & 4
- Salida Self Storage
- Somerset Estates Phases 1,2 & 3
- Sun Ridge West
- Sun Ridge West #2 Phases 1,2 & 3
- Vella Estates Units 1,2,3,4,5, & 6
- Vintner Estates 1,2, & 3
- Vizcaya Units 1 & 2
- Whitfield Park Units 1,2 & 3
- Whitfield Park Unit 4, Phases A & B
- Whitfield Park Units 5,6, & 7
- Pinnacle Partners
- Park View Estates

B. Description of Improvements and Services

CSA 10 was formed to provide special or extended services to the properties within CSA 10. After approved divestiture of storm drain maintenance services, the extended services, which benefit parcels within the CSA 10 area, will only include parks and streetscape maintenance and administrative services. These extended services are considered special benefits received by the properties within CSA 10. These benefits are defined as a special benefit for the purposes of this report because they are above and beyond the services that are normally provided to the community of Salida and other property owners of unincorporated areas of the County. Services of a general benefit are defined as services that are provided to the property owners of unincorporated areas on a countywide basis.

Maintenance of the parks and streetscapes and the administration of CSA 10 are services that the properties within CSA 10 receive that would otherwise not be provided if CSA 10 does

not exist. The County does not generally provide these services on a countywide basis. Therefore, these extended services are considered to be 100% special benefits with no general benefits received. On a countywide basis, the County does provide maintenance of parks for property owners of unincorporated areas. For this reason, a portion of the parks maintenance that is provided within CSA 10 can be attributed as a general benefit. The portion or ratio of this general benefit for these particular services is discussed in detail within the Park and Streetscape Maintenance Section of this report. As defined, the special benefit portion of services for park maintenance are above and beyond what is normally provided to countywide property owners. The special benefit portion of these services to the properties within CSA 10 is also discussed in the respective section of this report.

The special benefit assessments to be levied for this CSA are intended to provide a revenue source for all the maintenance, and servicing of the service area's improvements including, but not limited to; materials, equipment, labor and administrative expenses. However, the assessments are not intended to fund major renovations of the improvements and facilities.

Administration

CSA 10 provides Administration of CSA 10 which is a service authorized under the *County Service Area Law, (Government Code, Section 25210.60 et seq.)*. Such administration, which is paid for from the levy of assessments within CSA 10, is provided only within CSA 10. The CSA 10 Administration fund was established to reimburse expenses incurred by Public Works in the administration of CSA 10. The administration of CSA 10 is a special benefit to the parcels assessed in CSA 10. There is no general benefit that is derived from the administration of CSA 10. Typical administrative tasks performed by Public Works are:

- Prepare Annual Engineer's Report;
- Prepare Annual Budget;
- Prepare agenda items for Board to set annual assessments;
- Provide annual assessment information to the Auditor-Controller;
- Attend Municipal Advisory Committee meetings;
- Coordinate ballot procedures as needed.

Park and Streetscape Maintenance

CSA 10 provides Park and Streetscape Maintenance within CSA 10, which services are specifically authorized under the *County Service Area Law, (Government Code, Section 25210.60 et seq.)*. Such maintenance, which is paid for from the levy of assessments within CSA 10, is provided only within CSA 10.

The Department of Parks and Recreation (the "Department") provides park and streetscape maintenance within CSA 10. Such maintenance is paid from assessments on parcels within CSA 10. The amount of the assessment is fixed unless the parcel owners approve an increase through a ballot measure, as required by Proposition 218, which went into effect in July 1997.

a. Parks Maintenance

The Department operates, services, and maintains the following parks within CSA 10:

- Segesta Park (9.35 Acres)
- Wincanton Park (3.30 Acres)
- Murphy Park (4.27 Acres)
- Countrystone Park (4.95 Acres)

The total park acreage in CSA 10 is 21.87 acres. All of these parks were constructed and went into operation after July 1997.

One of the special benefits to CSA 10 residents is that the service level of CSA 10 parks as measured by the number of acres of parks per 1,000 residents exceeds the countywide service level.

The portion of the special benefits can be calculated by comparing the CSA 10 park acreage service level to the countywide level, as measured by acres of existing neighborhood parks per 1,000 residents. Countywide, the level is 0.39 acres of existing neighborhood parks per 1,000 residents. In CSA 10, there are 2,696 residential parcels. Based on census data, it is projected that residential units have an average of 3.03 residents. At 3.03 residents per parcel multiplied by 2,874 parcels, an estimated CSA 10 population of 8,708 residents is determined. By applying the 0.39 acres per 1,000 residents to the projected CSA 10 population of 8,708 persons, it is determined that 3.18 acres of the total CSA 10 parks acreage are related to the countywide parks service level. These 3.18 acres, representing 14.53% of the total CSA 10 parks acreage of 21.87, are considered to be a general benefit and not subject to assessment because this is the level of service that would normally be provided by the County through other funding sources. The remaining 18.69 acres, representing 85.47% of the total 21.87 acres of parks, are considered a special benefit and provide the basis for this assessment.

b. Streetscape Maintenance

The Department services and maintains the streetscapes on the following roads within CSA 10:

- Bacon Road
- Covert Road
- Finney Road
- Kiernan Avenue
- Murphy Road
- Overland Place
- Pirrone Road
- Sisk Road
- Toomes Road
- Whitestone Way
- Wincanton Way

The streetscapes are amenities that project developers provided to improve the quality of life in the subdivisions they were developing. Instead of establishing homeowners' associations, the developers established a mechanism whereby streetscape maintenance would be provided by the County and paid for by the property owners through parcel assessments. On a countywide basis, the county does not provide streetscapes to property owners in unincorporated areas and, as such, 100% of the 5.4 miles of streetscape maintenance is considered to be a special benefit.

Public Works

If the changes proposed in the introduction to this report are approved, it will result in divestiture of the storm drain maintenance services to CSA 4 and no Public Works responsibilities connected with CSA 10 Salida other than overall CSA administration.

PART II - METHOD OF APPORTIONMENT

A. Benefit Analysis

The method of apportionment described in this report for allocation of special benefit assessments utilizes commonly accepted engineering practices. The formula used for calculating assessments for the CSA reflects the composition of the parcels and improvements provided to fairly apportion the costs based on special benefits to each parcel. Furthermore, pursuant to the Constitution Article XIID Section 4, a parcels assessment may not exceed the reasonable cost of the proportional special benefit conferred on that parcel and a parcel may only be assessed for special benefits received.

All the improvements and services associated with the CSA have been identified as necessary, required, and/or desired for the orderly development of the properties within the CSA to their full potential and consistent with the proposed development plans. As such, these improvements would be necessary and required of individual property owners for the development of such properties and the ongoing operation, servicing and maintenance of the improvements and facilities would be the financial obligation of those properties.

CSA 10 was formed to provide special or extended services to the properties within CSA 10. After the proposed changes, these extended services, which benefit parcels within the CSA 10 area, will include parks and streetscape maintenance, and the CSA administration. For the most part, these extended services are considered special benefits received by the properties within CSA 10. These benefits are defined as "special benefit" for the purposes of this report because they are above and beyond the services that are normally provided to the community of Salida and other property owners of unincorporated areas of the County. Services of "general benefit" are defined as the services that are provided to the property owners of unincorporated areas on a countywide basis.

B. Assessment Methodology

The method of apportionment for the CSA calculates the receipt of special benefits from the respective improvements based on the actual or the proposed land use of the parcels within the CSA. The special benefit received by each lot or parcel is equated to the overall land use of the parcels within the CSA based on the parcel's actual land use or proposed development.

Upon review of the proposed improvements it has been determined that each of the residential parcels within the CSA receives special benefit from all the improvements to be funded by annual assessments. Based on the planned property development a single zone of benefits is appropriate for the allocation of the assessments and proportional benefit. The parcels within the CSA may be identified by one of the following land use classifications and is assigned a weighting factor known as Equivalent Benefit Unit (EBU). The EBU calculated for a specific parcel defines the parcel's proportional special benefits from the CSA's improvements, facilities and services

Pursuant to the *County Service Area Law* and in compliance with Proposition 218, the costs of the CSA 10 may be apportioned by any method, which fairly distributes the net amount to be assessed, among all assessable parcels in proportion to the estimated special benefit to be received by each such parcel from the services provided. The proportionate special benefit derived by each parcel is determined in relationship to the entirety of the services provided and the maintenance and operation expenses of the improvements. No assessment has been apportioned on any parcel that exceeds the reasonable cost of the proportional benefit conferred on that parcel.

In 1999, Stanislaus County Department of Public Works retained the consulting services of NBS Government Finance Group to prepare the CSA 10 Engineer's Report. At that time, NBS proposed to calculate the annual assessments by quantifying the various land use types and their respective special benefits received in terms of Equivalent Dwelling Units (E.D.U.)

Equivalent Benefit Units (EBU):

To assess benefits equitably it is necessary to relate each property's proportional special benefits to the special benefits of all other property in the CSA. The EBU method of apportioning assessments uses the single-family home site as the basic unit of assessment. A single-family home site equals one EBU. All other land uses are converted to EBU's based on an assessment formula that equates the property's specific development status, type of development (land use) and size of property, as compared to a single-family home site.

The EBU method of apportioning special benefits is typically seen as the most appropriate and equitable assessment methodology, as the benefits to each parcel from the improvements are apportioned as a function of land use type, size and development. Not all land use types described in the following are necessarily applicable to the development of properties within the CSA but are presented for comparison purposes to support the proportional special benefit applied to those land use types within the CSA.

Only special benefits are assessed, including special benefits to public property, and any general benefits have been separated from the special benefits for purposes of this report. For such purposes, the special benefits are derived from the assignment of Equivalent Benefit Units to the various land use types within CSA 10. The basis of benefit for CSA 10 was determined to be equal for all Equivalent Benefit Units within CSA 10. However, the special benefits received vary for types of land uses.

EBU Application by Land Use:

Single Family Residential- This land use is defined as a fully subdivided residential home site with or without structure. This land use is assessed 1.00 EBU per parcel or lot. This is the base value that all other properties are compared and weighted against.

Multi-family Residential- This land use is defined as a fully subdivided residential parcel that has more than one residential unit developed on the property; typically includes apartments, duplexes, triplex etc. (It does not typically include condominiums, town-homes, or mobile home parks). Based on average population densities and the size of the structure as compared to a typical single-family residential unit, multi-family residential parcels shall be proportionally assessed for the parcel's total number of residential units utilizing a sliding benefit scale. Although multi-family properties typically receive similar benefits to that of a single family residential, it would not be reasonable to conclude that on a per unit basis, the benefits are equal. Studies have consistently shown that the average multi-family unit impacts infrastructure

approximately 75% as much as a single-family residence (sample sources: Institute of Transportation Engineers Informational Report Trip Generation, Fifth Edition; Metcalf and Eddy, Wastewater Engineering Treatment, Disposal, Reuse, Third Addition). These various studies indicate that most public improvements and infrastructure are utilized and impacted at reduced levels by multi-family residential units and a similar reduction in proportional benefit is appropriate. Furthermore, it is also reasonable to conclude that as the density (number of units) increases; the proportional benefit per unit tends to decline because the unit size and people per unit usually decreases. Based on these considerations and the improvements provided by the CSA, it has been determined that an appropriate allocation of special benefit for multifamily residential properties as compared to a single family residential is best represented by the following special benefit assignment: 0.75 EBU per unit for the first 5 units; 0.50 EBU per unit for units 6 through 50; and 0.25 EBU per unit for all remaining units

Condominium/Town-Home Units- Condominiums and town-homes tend to share attributes of both single family residential and multi-family residential properties and for this reason are identified as a separate land use classification. Like most single-family residential properties, these properties are not usually considered rental property and generally the County assigns each unit a separate APN or assessment number. However, condominiums and town homes often have similarities to multi-family residential properties in that they are generally zoned medium to high density and in some cases may involve multiple units on a single APN. In consideration of these factors it has been determined that an appropriate allocation of special benefit for condominiums, town-homes and similar residential properties is best represented by an assignment of 0.75 EBU per unit regardless of whether each unit is assigned an individual APN or there are multiple units assigned to the APN. There is not an adjustment factor for parcels with more than five units.

Planned-Residential Development- This land use is defined as any property for which a tentative or final tract map has been filed and approved (a specific number of residential lots and units has been identified) and the property is expected to be subdivided within the fiscal year or is part of the overall improvement and development plan for the CSA. This land use classification often times involves more than a single parcel (e.g. the approved tract map encompasses more than a single APN). Each parcel that is part of the approved tract map shall be assessed proportionally for the proposed or estimated residential type and units to be developed on that parcel as part of the approved tract map. Accordingly, each parcel is assigned an appropriate number of benefit units that reflects the development of that property at build-out (the EBU assigned to each parcel shall represent the combination of single family, condominium, multifamily units to be developed).

Exempt Parcels- This land use identifies properties that are not assessed and are assigned 0.00 EBU. This land use classification may include but is not limited to:

- Lots or parcels identified as public streets and other roadways (typically not assigned an APN by the County);
- Dedicated public easements including open space areas, utility rights-of-way, greenbelts or other publicly owned properties that are part of the CSA improvements or that have little or no improvement value;
- Private properties that cannot be developed independently of an adjacent property, such as common areas, sliver parcels or bifurcated lots or properties with very restrictive development use.

These types of parcels are considered to receive little or no benefit from the improvements and are therefore exempted from assessment.

Special Cases- in many CSA's where multiple land use classifications are involved; there are usually one or more properties that the standard land use classifications or usual calculation of benefit will not accurately identify the special benefits received from the improvements. For example, a parcel may be identified as a vacant residential property, however only a small percentage of the parcel's total acreage can actually be developed. In this case, an appropriate calculation would be based on the net acreage that can be utilized rather than the gross acreage of the parcel. The following table provides a summary of land use types, the EBU factors used to calculate each parcel's individual EBU as outlined above.

Land use and Equivalent benefit units

Property type	EBU	Multiplier
Single Family Residential	1.00	Per unit/lot (parcel)
Multi-Family Residential	0.75	Per unit for the first 5 units
	0.50	Per unit for units 6 thru 50
	0.25	Per units > 50
Condominium/Town- Home Units	0.75	Per Unit
Planned Residential Development	1.00	Per planned Residential lot
	0.75	Per planned Condominium
	0.75	Per unit for the first 5 units
	0.50	Per unit for units 6-50
	0.25	Per unit >50
Vacant Residential Land	1.00	Per Acre
Public park	0.40	Per Acre
Public Storm Drain Basin	0.40	Per Acre
Public School	2.20	Per Acre
Commercial/Industrial Parcel Developed	3.50	Per Acre
Commercial/Industrial Parcel Undeveloped	1.00	Per Acre
Public Property	0.40	Per Acre
Exempt Parcels	0.00	Per parcel

The above method to calculate the annual assessment was approved as part of the ballot procedure by the property owners in 2004. This method was supported in order to more equitably spread the assessment between residential lots and developed commercial/industrial land and public properties.

The following formula is used to calculate each parcel's EBU (proportional benefit):

$$\text{Parcel Type EBU} \times \text{Acres or Units} = \text{Parcel EBU}$$

The total number of EBU's is the sum of all individual EBU's applied to parcels that receive special benefit from the improvements. An assessment amount per EBU (assessment rate) for the improvements is established by taking the total cost of the services provided and dividing the amount by the total number of EBU's of all benefiting parcels from the improvements. The rate is then applied back to each parcel's individual EBU to determine the parcel's proportionate benefit and assessment obligation for the improvements.

Total Balance to Levy/ Total EBU's = Levy per EBU

Levy per EBU x Parcel EBU = Parcel Levy Amount

PART III – BUDGET ANALYSIS

Administration

On June 30, 2021, it is estimated that the fund balance for the CSA 10 Administration will be \$55,681. The CSA 10 Administration total assessment for Fiscal Year 2021-2022 is \$5,000.

Staff time spent on the administration of CSA 10 varies based on the level of activity within the CSA. If the CSA is in a "status quo" mode, staff time and charges are minimal. However, when a ballot procedure is needed, the staff time increases correspondingly.

Park and Streetscape Maintenance

In 2016, changes in the law made it a fewer people were participating in the Alternative Work Program, which has caused a financial strain for the Department of Parks and Recreation. This change resulted in a gradual decline of people participating in the AWP program, which saved approximately \$39,000 for the CSA 10 Parks' budget in FY 2016/2017, \$67,700 in FY 2015/2016, and \$91,600 in FY2014/2015. It significantly increased the Parks' labor cost, which made the current assessment rate insufficient to cover the annual cost of operations and maintenance of parks and landscape areas.

In October 2019, County staff began a public outreach campaign at the monthly Municipal Advisory Committee (MAC) meeting to begin discussion of increasing the CSA 10 rate by \$77, or to a total of \$217 per year. In November, staff led a second meeting with the community and explained the rate increase process, benefits and costs, and why the increase was needed for CSA 10. County staff performed an informal poll of those that attended using comment cards. The most notable of responses, both verbally and written, for that meeting was a request that all of Salida pay for their "fair share" of the storm drain maintenance costs before considering raising the rate for CSA 10. In Fiscal Years 2019-2020 and 2020-2021, County staff is working with LAFCO on the project to develop the current recommended plan of annexing the community of Salida into CSA 4, and divesting CSA 10 of all storm drain services. CSA 4 would then provide all the storm drain maintenance services for the community of Salida and CSA 10 would provide all the Parks and Streetscape maintenance services for Salida. This would increase the number of assessment payers in the CSA 4 area to 4,443 parcels.

To bring parks and landscape services to the acceptable level and reduce the deficit in the Revenue for Parks Department, a decision was made in Fiscal Year 2020-2021 to reallocate the Public Works' portion of the CSA 10 assessment to Parks (similar to how the Board did this in 2010), thus eliminating the immediate need to raise the assessment rate for CSA 10 to cover the parks and streetscape services.

If the annexation project is not approved, the Fiscal Year 2021-2022 will be budgeted according to the assessment received. The assessment will be distributed among Departments: Public Works and Parks, using the prior years methodology.

CSA 10 - Parks is expected to have a fund balance of \$242,461 on June 30, 2021. The estimated Parks and Recreation Department's budget for Fiscal Year 2021-2022 of \$409,715. This will keep

the assessment at the Fiscal year 2020-2021 level and provide resources to maintain the parks and streetscapes in the acceptable level.

Summary

The fiscal year is the 12-month period from July 1st through June 30th of the following year. The annual assessment is received with property taxes collected in December and April. This means the fiscal year starts on July 1st but the first installment of the annual assessment will not be collected until December, creating a 6-month lag in receiving the money necessary to maintain the various services provided.

The assessments for the Fiscal Year 2021-2022 for Single Family Residential and Undeveloped Commercial Industrial lots are \$139.32 per parcel. Developed Commercial/Industrial properties are levied at \$487.62 per acre, and Public Property is levied at \$306.50 per acre. All of the assessments listed herein have not changed from Fiscal Year 2020-2021.

Calculated Assessment Per Equivalent Benefit	\$ 139.32

Based on the approved assessment of \$139.32 per Equivalent Benefit Unit, the following are the proposed CSA 10 Fiscal Year 2021-2022 Annual Assessments by land use type:

LAND USE TYPE	2020-2021 ASSESSMENT	2021-2022 ASSESSMENT
Single Family Residential Lot	\$139.32 Per parcel	\$139.32 Per parcel
Undeveloped Commercial/Industrial	\$139.32 Per acre	\$139.32 Per acre
Developed Commercial/Industrial	\$487.62 Per acre	\$487.62 Per acre
Public Property	\$306.50 Per acre	\$306.50 Per acre

CSA 10 Assessment Allocation

CSA 10 Budget - Financing for Fiscal Year 2021-2022

DESCRIPTION	AMOUNT
Parks and Streetscape Maintenance	\$409,715
Administrative Costs	\$5,000
Total Budget	\$414,715
Total Balance to Levy - CSA 10	\$414,715
Total Revenue/Financing	\$414,715

The total revenue to be collected for CSA 10 shall be allocated to departments for services provided based on the following percentages

Department of Parks & Recreation	98.80%	\$409,715
Department of Public Works-Admin	1.20%	\$5,000
*Total	100%	\$414,715

Proposition 218 took effect on July 1, 1997 and requires an assessment ballot procedure in order to increase the assessment. Since there is no increase in the annual assessment, the Fiscal Year 2021-2022 assessment is in compliance with Proposition 218.

The parcels subject to the assessment are listed on Exhibit "D" that is attached hereto and made a part of this Engineer's Report.

**STANISLAUS COUNTY LOCAL AGENCY
FORMATION COMMISSION**

RESOLUTION

DATE: March 24, 2021

NO. 2021-03

SUBJECT: LAFCO Application No. 2020-01, Municipal Service Review No. 2020-03 & Sphere of Influence Update No. 202-03 – Salida Storm Drain Reorganization to County Service Area 4

On the motion of Commissioner _____, seconded by Commissioner _____, and approved by the following vote:

Ayes:	Commissioners:
Noes:	Commissioners:
Absent:	Commissioners:
Ineligible:	Commissioners:

THE FOLLOWING RESOLUTION WAS ADOPTED:

WHEREAS, the Stanislaus County Board of Supervisors adopted resolutions of application requesting a reorganization consisting of the annexation of Salida to County Service Area (CSA) 4, divestiture of storm drain services from CSA 10, and detachment of the area known as Landmark Business Park from CSA 10;

WHEREAS, the application includes a modification of each CSA's sphere of influence to remain coterminous with their resulting boundaries;

WHEREAS, a Municipal Service Review and Sphere of Influence Update has been prepared with associated determinations, in accordance with Government Code Sections 56425 and 56430, for CSA 4 and 10;

WHEREAS, the above-referenced proposal has been filed with the Executive Officer of the Stanislaus Local Agency Formation Commission pursuant to the Cortese-Knox-Hertzberg Local Government Reorganization Act (Section 56000 et seq. of the Government Code);

WHEREAS, the territory is considered inhabited as it contains more than 12 registered voters;

WHEREAS, the purpose of the proposal is to allow the subject territory to receive the extended county services offered by County Service Area No. 4 (Salida Storm Drain), which includes storm drainage and related maintenance and operations;

WHEREAS, The Stanislaus County Board of Supervisors has approved the transfer of CSA No. 10's fund balance designated for storm drain system maintenance and a portion of it administrative fund balance to CSA 4;

WHEREAS, the Commission has conducted a public hearing to consider the proposal on March 24, 2021, and notice of said hearing was given at the time and in the form and manner provided by law;

WHEREAS, the Commission has duly considered the Municipal Service Review and Sphere of Influence Update for CSA 4 and CSA 10 and the determinations contained therein;

WHEREAS, Stanislaus County has prepared an Engineer's Study for CSA 4 and CSA 10 identifying the services and assessments in each District;

WHEREAS, the proposed reorganization is generally exempt from the California Environmental Quality Act (CEQA) pursuant to California Code of Regulations Sections 15316(a) 15061(b)(3) as the annexation to CSA 4 contains an existing, developed area, and the reorganization as whole has no possibility of having a significant effect on the environment;

WHEREAS, in the form and manner provided by law pursuant to Government Code Sections 56153 and 56157, the Executive Officer has given notice of the public hearing by the Commission on this matter;

WHEREAS, as required by Section 57000 of the Cortese Knox Hertzberg Act, the proposed reorganization is subject to protest proceedings.

WHEREAS, the Commission has, in evaluating the proposal, considered the report submitted by the Executive Officer, which included determinations and factors set forth in Government Code Sections 56668 and 56668.3, and any testimony and evidence presented at the meeting held on March 24, 2021;

NOW, THEREFORE, BE IT RESOLVED that the Commission:

1. Finds the proposal to be categorically exempt from the provisions of the California Environmental Quality Act (CEQA), pursuant to California Code of Regulations Sections 15316(a) 15061(b)(3).
2. Finds the proposal to be consistent with State law and the Commission's adopted Policies and Procedures.
3. Designates the proposal as the "Salida Storm Drain Reorganization to County Service Area 4."
4. Approves the Municipal Service Review prepared for CSA 4 and 10, and adopts the written determinations contained therein pursuant to Government Code Section 56430.
5. Approves the Sphere of Influence modifications for CSA 4 and 10 to be coterminous with each of the District's boundaries upon the effective date of the reorganization.
6. Approves the proposal subject to the following terms and conditions:
 - a. The applicant shall pay State Board of Equalization fees and any remaining fees owed to LAFCO for processing of the application.

- b. The applicant agrees to defend, hold harmless and indemnify LAFCO and/or its agents, officers and employees from any claim, action or proceeding brought against any of them, the purpose of which is to attack, set aside, void or annul LAFCO's action on a proposal or any action relating to or arising out of such approval, and provide for the reimbursement or assumption of all legal costs in connection with that approval.
 - c. In accordance with Government Code Sections 56886(t) and 57330, upon the effective date, the annexation territory shall be subject to the levying and collection of all previously authorized charges, fees, assessments or taxes of County Service Areas 4.
 - d. Upon the effective date of the reorganization, the Stanislaus County Public Works Department will transfer all fund balance for the maintenance of storm drains services, systems, and related infrastructure, in addition to 60.1% of the administration fund, from CSA 10 to CSA 4.
 - e. The effective date of the reorganization shall be the date of recordation of the Certificate of Completion.
7. Directs the Executive Officer to initiate protest proceedings pursuant to Government Code Section 57000 et seq.
